

Student Visa

We strongly recommend that where possible, you use a local Education Consultant to help get your visa. A list of Consultants and Agents is available at the New Zealand Education Service Centre at the New Zealand Embassy or High Commission. The consultants will deal with all the paperwork for you and will be in constant communication with us.

You can obtain a visa without using an agent by corresponding direct with the school.

- 1.** Apply to the school on the official International Student Application Form ensuring you complete all sections and that your parent(s) signs it. Enclose with your application your latest school report, public examination results and a letter outlining why you wish to study in New Zealand and the University degree you are hoping to get.
- 2.** If your application fulfils our criteria, we will reply reserving a place for you.
- 3.** You will then be sent an "Offer of Place" form. Take this to your nearest New Zealand Embassy/High Commission and get an application for a visa, and other documentation Immigration may require.
- 4.** When you have supplied all the correct documents you will be approved for a visa. You must then send the school fees to us by either registered mail, courier or telegraphic transfer.
- 5.** After receiving the fees we will fax a copy of the receipt to the Visa office in your country and mail the original to you.
- 6.** The Visa Office will issue you with a Student Visa. As you pass through Immigration on your arrival in New Zealand this will be converted to an electronic Student Permit .
