CHS Yearbook is a large task put together by the Yearbook Coordinator and the Yearbook Team. In previous years the task of editing and checking names has been shared by Coaches, Managers, Teachers and Students to ensure that every student is represented. This was not such a year. Please forgive misprints, exclusions, or any other error: we have put all our aroha into this project, but Covid stole our collaboration deadline.

PRINCIPAL'S MESSAGE

Last year, we reviewed our Strategic Plan with input from staff, students, and our wider community. Reflecting this collective voice, we finalised our vision: to provide an inspiring, holistic learning experience so students leave school with choices, confidence, and a sense of purpose. Our purpose at CHS is to develop our learning community to best prepare students for life beyond school.

This year, we have focused on bringing the Strategic Plan to life, ensuring Cambridge High School is a great environment for all of us to learn and continue to develop. Learning is synonymous with growth and must be a core part of everything we do if we are to prepare students for life beyond school. It is obvious that learning happens in the classroom, but it is not isolated to inside those four walls. The learning from co-curricular activities, school trips and events, our interactions with others, and the mistakes we make are also very good examples of learning in our school community. These many and varied opportunities make up the fabric of CHS and we are proud that our students leave school with choices, confidence, and a sense of purpose.

During the year, we have reinforced this message via assemblies and other opportunities, and I would like to summarise the main themes that we have covered - highlighting the important features of a strong learning community.

The importance of dreams, goals, and a desire to improve ourselves.

During Te Wiki o Te Reo Maaori (Maaori Language Week) a colleague shared this adage from Princess Te Puea, a leader in the Kiingitanga movement in the early 20th century:

Mehemea ka moemoaa ahau ko ahau anake, mehemea
ka moemoaa e taatou ka taea e taatou.

If I dream alone, I alone will achieve that dream. If we all dream together, we all will benefit from this dream.

Sharing dreams not only enables us to share the goals that will help us realise our dreams, but it also encourages others to explore more of what is possible. In setting our goals and dreams, we draw inspiration from each other and our experiences. All of us can point to individuals in our past who have influenced us, sharing their dreams and passions and opening our minds to more of what is possible. Don't underestimate how much of an impact your dreams, goals, and success have on others – no matter which stage of life you are in. Every year, we speak to students about what inspires them. They acknowledge the widest range of people, including other students, their parents, teachers, and coaches.

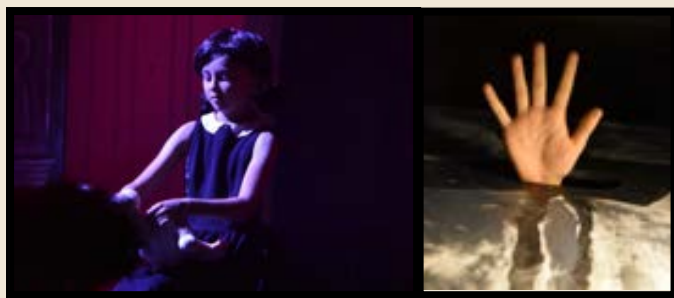

The importance of courage and seeing CHS as the time to try.

As a learner, you need to be prepared to step out of your comfort zone, make mistakes, and receive feedback. That takes courage - particularly as a teenager in a secondary school in New Zealand where it can, at times, be counter-cultural to try your best. This theme of courage was echoed in the Tokyo Olympics 2020. The Olympics offers us much more just the sport; they produce fantastic stories. These stories illustrate what it means to be human: how we connect with and support others, bounce back from difficulties, cope with loss, and celebrate our wins. Throughout the Olympics, we see stories of courage. The courage to start, to try to be your best, to learn from mistakes, to pick yourself up, and to try again.

During this time, while watching outstanding athletes achieving remarkable feats, I try to remember that they all started somewhere. They were once novices starting at the beginning, seeking advice, and making many mistakes. As they progressed, they experienced loss in competitions and became stronger for that experience. As they committed to their own goals and dreams, they found the strength to endure difficult times and the courage to try again and again. A wonderful example of this is found in the story of Emma Twigg, claiming gold in her fourth Olympics. Having missed medalling by the slimmest of margins in 2012 and 2016, she then found the courage needed to build her self-belief and have another go. The resulting gold-medal race was incredible.

These results are things that we can easily use as headlines, celebrating the super-heroic wins as if they were miraculous. But these wins do not just happen, and the outcome is never certain. What is certain is that you will never know what you can achieve if you don't try. At CHS, we have a very supportive space with many opportunities for students and with experts ready to help get us there. Now is the ideal time to be courageous in your learning. Learn how to take feedback, experience how to win and how to lose, and start to surround yourself with people who believe in you and your ability to succeed.

The importance of resilience, because when things don't go well, learning is at its greatest.

Learning doesn't happen in isolation. It occurs when we work with others, when we try something and get it wrong, or when we get stuck and cannot find a way forward. It comes when we get things right, as well. This is all strengthened by an ability to bounce back from mistakes and to give and receive feedback. Often, it is easier said than done, but it is good for us to make mistakes - especially in a supportive environment. Through these mistakes, we learn a lot about ourselves: how to bounce back, how to ask for help, and how to look for a different perspective.

We don't intentionally make mistakes. They can come as a surprise or as something out of our control, and that can be particularly stressful. In these situations, it is important that we talk to someone. Others can help us develop a fresh perspective or find a fix for our situation, because the way we are seeing the problem can be limited and reflect our bad headspace. Going through difficult times with the support of others builds our resilience. This then strengthens our ability to cope with more challenges and setbacks in the future as we continue to develop.

The importance of belonging and reaching out for support.

Neuroscience informs us of the importance of belonging and feeling connected to a place and each other. Belonging ensures that we feel supported, creating an environment where we feel ready to learn from our experiences. And we are not alone in prioritising the sense of connection and belonging. During last year's lockdown, The University of Waikato learnt the impact that connecting with their students had on individual student success and engagement. They made personal contact with every student during lockdown to see how they were managing, and this kept the students more involved and motivated in their studies. They now prioritise the support and connection for students, taking proactive steps to build connections within student groups.

CHS is a supportive learning environment where students, staff, and the community come together to learn and help others learn. We have a culture that reinforces a sense of belonging and ensures that, collectively, we can best prepare students for life beyond school. It is normal to need support at certain points in our lives. What we struggle with in our New Zealand culture is making this need ok and talking about it. We need to remind ourselves that it is expected that we will have challenges and it is normal to need help and input from others to manage these challenges. We know we have a very supportive environment at Cambridge High School and we continue to help people learn how, when, and from whom we can get the support we need.

The importance of taking ownership of our outcomes and well-being

Much is currently made of the importance of our well-being. This is fantastic, as there is now a collective awareness of what enhances our own well-being. Psychologist Nigel Latta ran professional development for us on one of the Teacher Only Days and one of his messages was this: Now that we are aware of what works for our well-being, we need to take ownership of it. He references the Stoics (from Athens in the Third Century BCE), who developed a philosophy that was based on accepting the moment as it presents itself. Or, put another way, things are the way they are. Things are neither inherently good nor bad. You can control some things, but not everything. Often, we need others to help us understand the difference between what we can control and what we can't. When we know the difference, we can find a way to take back control over the things that matter to us. As we become aware of what enhances our well-being, we need to do more of that thing. Examples of this are the research-led Mental Health Foundation's approach – the Five Ways to Well-being: connect, give, take notice, keep learning, be active (<https://mentalhealth.org.nz/five-ways-to-wellbeing>). Mason Durie provides a Te Whare Tapa Whaa model built on physical, spiritual, family, and mental health (<https://www.health.govt.nz/our-work/populations/maori-health/maori-health-models/maori-health-models-te-whare-tapa-wha>).

I think it is dangerous to assume that well-being is about creating a challenge- or problem-free existence for ourselves. Life is full of challenge and there is learning, strengthening, and growth that come from facing up to a challenge and finding a way through the difficulty. For example, if we explore that cliché of finding public speaking difficult - or even terrifying - we can try to look at it differently. Can you remember that you are learner? No one expects you to be perfect and others want to see you learn and become stronger at speaking. Can you be better prepared? Can you get input from others? It is important to keep reviewing how we approach problems and difficult situations, reminding ourselves to focus on what is it we can take control over and do something about it.

I want to finish with an acknowledgement of our students, parents, and staff for the many ways you have contributed to an outstanding year. The high quality of events and performances delivered through the passion from our school community is remarkable and certainly makes for an incredible schooling experience. Thank you for the many ways you have contributed to make this such a successful year. Thank you for enabling CHS to offer a rich learning experience of which we can all be very proud.

HEAD GIRL
ELSIE WILLIAMS

HEAD BOY
KYLE AITKEN

We're at the end?! 2021 has flown by, but I wouldn't change it for the world. I enjoyed building friendships and a school community that is getting more connected by the day. As Head Girl, I learnt that organisation is key, respect is vital, and resilience is paramount. This role demands representing your school with elegance and pride, forming connections, organising your fellow leaders and inspiring your community to spark positive change.

Growing up, I dreamt of being in a prestigious position of Leadership. So, knowing that someone as spirited as myself was chosen, it is truly an honor and a privilege. I wanted to bring a smile to everyone and for people to see a friend in me. I'm proud to say I have achieved that in one way or another. I may have had a few times I was a bit of a ditz, but I'm proud of it. And there were the special moments, like handing out leftover roses - especially after meeting 95-year-old Elsie.

The Student Exec worked incredibly hard to help charities such as Canteen, Mental Health Foundation, and Resthaven and to boost the spirit at school. The behind-the-scenes work was immense. But I have loved working with my fellow leaders - what a great bunch of students. <3

Arts & Culture took on this year with energy, with new and awesome events. Picnic in the Park was a special night and will be enjoyed for many years. Ball was a fairytale night, besides my dress ripping hehe - classic Elsie style.

I loved my years at Cambridge High School - supported by my peers, teachers, and especially my family. I'm eternally grateful and will treasure my time here forever!!!

Make the most of it, I say!!! Take opportunities that come your way, make school the place you want to be, and have loads of fun. The world is your oyster. <3

Ngaa Mihi Nui

Being Head Boy has allowed me to have many opportunities to put myself out there and push myself to the best I can be. We started off with a great event, Picnic in the Park. This gave the whole exec our first opportunity to work together and show what we can do as one big group. Later, given the opportunity of going to the ANZAC parade, I was able to lay a wreath and celebrate those that gave their life. We were also involved in planning the 2021 Waipa Youth Awards. This was an amazing day to celebrate those who had achieved amazing things.

Communicating with students and teachers around the school has been my favorite part of being a head student. I love to help out and give people advice that I wish I had received. Through this role, I have been able to make a difference by communicating my ideas.

I am so thankful for the opportunity I have been given and have learnt much in this role. I feel that, through the year, I have grown and become a stronger and better person and wish to keep growing.

**DEPUTY HEAD
GIRL
MAANVI NAIKER**

Who would've thought that time would go by so fast?! It was only yesterday when I walked through those Cambridge High doors and felt so anxious. Shy, little Year 9 me would've never thought I would've made it this far! I am definitely still little, but ten times more confident. 2021 as Deputy Head Girl has been incredibly thrilling as well as challenging. Events such as the Matariki evening, Year 13 camp, Talent Show, and many more have made this year memorable – and so have the amazing people I worked alongside! Having met so many awesome people and making many meaningful connections has made saying goodbye a little harder, actually: a lot harder.

This role did bring its ups and downs, such as Covid and work overload, but, at the end of the day, seeing people smile and laugh because of something you put mahi into definitely paid off. This year has been a "trust the process" type of year, teaching me to be a lot more patient. This year, as well as my role, have taught me about myself as well as others. They have taught me that it's okay to ask for help, and it's okay to not be okay! The one thing I'm not going to miss is having to pull the mic down in assembly.

To anyone who has ever given me a helping hand, I am extremely grateful for you and couldn't say "Thank you" enough. I hope that I've added my little bit of flavour into Cambridge High School. What an incredible journey it has been! Thank you for having me.

He tau miharo ta matau!!

2021 had its ups and downs, but that was the fun part: pushing through the challenges. Throughout the year, I have achieved my goals and set up some for next year in hopes to continue in the Arts. As Deputy Head Boy and Co-Chairman of The Arts and Culture Committee, I have had my hands full, balancing my schoolwork and keeping up the values and expectations of CHS. But I made it!

At the start of 2021, I made one promise to the student body of CHS: to bring back the Arts and Culture, to bring more recognition towards those who excel. We have exceeded my expectations through Picnic in the Park, multiple arts showcases, CHS Got Talent, events in partnership with Te Hunga Taikaakaa, and the five Arts ties received by students this year. With hard work and dedication, we have achieved greatness and I am so proud to have been involved in all your lives.

Thank you all for teaching, encouraging, supporting, and making my high school experience amazing!

Aroha mai, aroha atu.

TE HUNGA TAIKAKA

Deanna Young, Heather-Ann Knowles, Mikayla Knowles, Samantha Burt, Manaia Wetere-Ryder, Mr Marcel Kuijpers, Angela Anderson, Mya Tohia, Nathan Smith, Paige Connon, Michaela Ihaka-Ngamoki, Matua Mahaki Corbett, Jordan West, Devon Briggs, Emma Birch, Maanvi Naicker, Jack Redpath, Gracyn Bateman. Absent: Tom Henson, Keisha-lei Houston.

Kia ora Koutou,

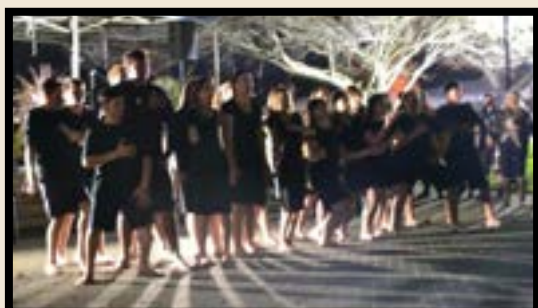

Te Hunga Taikaakaa is the Maaori leadership group of CHS which consists of Year 12 and 13 students. This committee is led by Maanvi Naicker (Deputy Head Girl) and Emma Birch (Horotiu House Prefect).

Our goal is to promote Maaori excellence and culture within the school by host exiting, fun, and memorable events for students to participate in and create memories for years to come.

At the beginning of the year, our group participated in a leadership event hosted by Blue Light in Taupo. This trip consisted of all sorts of different activities based around building great leadership and problem solving, which further helped the functioning of the group. Events included a memory test, impromptu speeches, and a primary school activities day. A highlight from this trip was the treasure hunt around Taupo. We were given a list of things to find or do and were required to take photos for evidence.

Te Hunga Taikaakaa's first challenge of the year was the Year 9 Activities Day. This was held at the Karapiro Domain, where all Year 9 students were taken via bus from school. Students moved with their houses and learned a range of activities - including learning a haka whaita, kio rahi, mou raku and te raku. This year, Te Hunga Taikaakaa introduced a haka competition (which students learnt on the day) which was a great way to finish such an amazing day!

Ngaa Poutiaki celebration evening will be held at the beginning of Term 4, highlighting the success and celebrating the achievements of our Junior and Year 13 Maaori students.

Te Wiki o Te Ao Maaori is Te Hunga Taikaakaa's biggest event during the year. 2021 was a huge success! The week consists of a variety of cultural activities to promote Maaori Language Week. We started with a Form Class Quiz, moving onto Tuesday which was Ariki. Wednesday and Thursday were the house Kio-rahi competition, which was the highlight of the week. New this year, we brought in our Matariki evening on Friday. There were performances from CHS Kapa Haka, Junior Drama Club and others as well as our haangii! This was a huge effort for team, with the haangii made on site with a traditional set-up and equipment. A huge "Thank you" to everyone who helped preparing the haangii and supplying resources.

Another opportunity Te Hunga Taikaakaa had was organizing Cambridge Schools Kapa Haka Festival. All schools around Cambridge look forward to this event and work hard through the year to prepare. Getting the opportunity to perform in front of all the other local schools and watch our own CHS group perform is a tradition we're proud to continue. Sadly, this event couldn't be held last year because of Covid, and we had a near cancellation again this year. In hopes everything will be Covid-free, we have scheduled this year's Kapa Haka on 11 November. We look forward to seeing the future of Kapa Haka coming through our primary and middle schools!

Te Hunga Taikaakaa wouldn't be able to go ahead without the help and guidance from Marcel Kuijpers and Mahaki Corbet. They have helped the group to function better, overlooked and supervised our activities, and made all our times enjoyable with Te Hunga Taikaakaa. Many new friendships and skills have been built through this group, and all members should be extremely proud of what they have accomplished over the course of this year.

JUNIOR FORUM

Madeleine Jago, Annelies Banks, Dania Kizal, Ashlee Pickford, Lucy Steele, Luke Huggins, Aimee Steele, Absent: Niamh Hartley, Lyra Slaughter, Raghav Kaushik, Stephan Steenkamp, Murray Dacomb.

ACADEMIC COMMITTEE

Dana Greaves, Arianna Mulligan, Mirin McGeough, Samuel Dixon, Fraser Duncan, Bastiaan Banks, Seton Clarke.

This year, the Academic Committee commenced the first Cambridge High School Academic week. We aimed to increase student's interest in academics in a fun and interesting manner - as well as give high academic achievers their chance to shine in a school-wide and competitive environment.

The week was full of activities including: a mock spelling bee, filled with weird and wonderful words; Mr Lal's impossible question, which challenged the Form Classes to a battle of mathematics; and an inter-house Mathex competition, which tested students in both problem solving and speed. Many students were involved, and the placings in each of the activities were neck and neck.

Our two main events of Academic Week were the Senior Speech Competition - which we reintroduced from 2012 - and the school's first ever Chase. Mrs Button took on the role of the Chaser, with the nickname "Baby Boomer." She competed against the top nine students from our quiz earlier in the week. The event was a major success, and the audience was filled with students excited to engage in the ultimate general-knowledge quiz.

SERVICE COMMITTEE

Madison Menneer, Madeline Rzoska-Smith, Necha Vuletich, Malaika Kilian, Mira Heubeck, Elena Huggins, Grace Jolley.

The Service Committee's main goal is to find ways in which the school can connect with and give back to our wider communities. This year, we have endeavoured to do this on a town-wide level with our food drive, a national level with our blood drive and Daffodil Day event, and an international level with our 40-Hour Famine events. Our main focus is building the school's involvement in our community.

ARTS AND CULTURAL COMMITTEE

Alizee Paine, Sam Snape, Kaylee Honiss, Jana Nagel, Elsie Williams, Jack Redpath, Petra Bennett, Joshua Comins, Absent: Jacob Bult.

This year, the Arts and Culture Committee had the opportunity to create some awesome new events never seen before at Cambridge High School. Within Arts and Culture Week, we thought, "What better way to showcase the art and culture at CHS than bringing it to the centre of town?" Et voilà, Picnic In The Park was created. The night consisted of performances from the Brassroots, Kapa Haka, The Drama Club and many more. Following Picnic In The Park was our second new event, a Matariki celebration evening. We worked together with Te Hunga Taikaakaa to bring the community together to celebrate Matariki. There were a haangii, performances, poi making workshops and much more. Our most recent event was CHS Got Talent, where we hosted auditions and picked the final 13 acts to go before our incredible judges. 'The Pingaz' took out 1st place. We are looking forward to our Arts and Culture Assembly coming up where we get to celebrate and acknowledge the talented and involved individuals in our school. This year has been a cool experience for everyone in the Arts and Culture committee.

HEALTH AND WELLBEING COMMITTEE

Paige Steen, Libby Pease, Keela Jones,
Conrad Wilson, Yash Baluni, Ben Eastwood, Tom Hall.

2021 has been a bit of a mixed bag for the Health and Well-being Committee. On the one hand, Covid struck again and managed to cancel SADD week - which unfortunately meant that we didn't exactly get to go out as planned. But on the other hand, Well-being Week was successful in Term 2 and we hope that future years will continue to run it and improve on what we've done. Highlights of the year for our committee was almost certainly winning a SADD competition with an ad that Yash and a few others created. We hope that we've managed to make a positive impact on all the students here at Cambridge High and we look forward to seeing what happens next year. Hopefully, with a little less Covid!

SPORTS COMMITTEE

Maia Cooney, Kaitlyn Heaslip, Molly Davis, Andrew Syme, Sean Hapi,
Mandi Portegys, Leon MacKay.

The 2021 Sports Committee took on this year planning to encourage participation and sport within the school. With the Battle of Waipa cancelled, the annual sport House Competition took priority. Futsal was chosen as this year's sport, with a high amount of participation and spirit being shown by each house and their supporters. The final saw Parawhau and Pukeroro battle it out for the win, with Parawhau coming out on top. The Sports Awards are another major priority for the committee, planning a smoothly run night to honor the athletes who compete and excel on behalf of the school. It was great to see the amount of people who got involved in the events and boosted the spirit within each house, creating a friendly, competitive environment which looks hopeful for future years.

ENVIRONMENTAL AND SUSTAINABLE COMMITTEE

Kla Thongngam, Rumeth Perera, PJ Jullasing, Sarah McHarg,
Paige Connon, Mia Paintin, Kai Caisley.

SENIOR CELEBRATIONS COMMITTEE

Olivia Vanin, Olivia Walling-Halsey, Danielle Malcom, Amelie Lemerrier,
Hannah Leng, Laura Thornton, Allyson Myers,
Bree Campbell, Absent: Paulo Baldo.

With the cancellation of the 2020 Ball due to Covid restrictions, expectations were heightened more than usual for this year's Cambridge High School Ball. Interestingly, this was possibly the only year where 100% of the committee had never been to one. Needless to say, that brought challenges: we had zero idea of the logistical and design aspects that go into producing such an elaborate event. However, all hope was not lost. We had the help and knowledge of Mrs Cains, a long-time helper of the committee when it comes to Ball matters. Week after week, the committee diligently met to discuss ideas and plan for the grand occasion it had so excitedly envisaged. We made decisions that ultimately went on to produce a spectacular night to remember, this time without any alert level alterations. Last year's committee - who worked so hard only to have their Ball cancelled - were invited, adding to the diverse range of outside ball-goers who attended alongside Cambridge High School students.

Sadly, this year was to be Mrs Cain's final year helping to organise the school ball. The Senior Celebration Committee of 2021 was truly honoured to be the final group that she aided. It would be a complete understatement to say that she was crucial to ensuring that our goals were accomplished. She guided us along a difficult path, allowing us to bond together into a tight-knit group. This served us well in our endeavours beyond the Ball, in places where the committee was largely independent.

A quick two-week break after the Ball, followed by the Term 2 holidays, saw the committee embark on yet more projects. With two Terms remaining, we branched into two groups to work on producing Leaver's Gear and the Leaver's Book. The sudden Level 4 announcement in August introduced complications in these projects. Fortunately, the relatively short lockdown period meant that upon returning to school the two sub-committees were able to regroup and continue their respective plans. The committee worked to ensure that the Seniors of Cambridge High School celebrate their final stage of education as they look forward to the next chapter of their lives.

*In memory of
Michelle Macdonald*

Michelle McDonald, our previous Head of Technology, had battled an illness for the past 5 years. She eventually succumbed to this illness in September 2021. She was a wonderful person who brought a brightness, energy, and enthusiasm to our CHS community. Her passion for life was infectious and she had a significant impact on us since joining in 2019. Michelle cared deeply for her staff and students and will be fondly remembered by us all. Our thoughts are with her family and friends as they come to terms with the loss. - Greg Thornton

TE KAAHUI AKO O TE OKO HOROI - COMMUNITY OF LEARNING

Cambridge High School is a member of the Cambridge Kaahui Ako (CoL), with teacher representatives that collaborate with other learning leaders throughout our community's schools in order to improve learning outcomes of all students, with Achievement Challenges. Our school is represented by two Across School Teachers, Mrs. Shirley Dudli and newly-appointed Mrs. Rachel Wallis.

Cambridge High School also has nine Within School Teachers involved with Kaahui Ako, led by Mrs Carol Webb. One of their main roles this year is to continue the facilitation of the programme for the Vertical Form Classes - introduced as part of the changes brought about by our new House system - as well as a focus on individual areas, such as the Science of Learning, Literacy and e-learning.

ACROSS SCHOOL TEACHER

Mrs. Shirley Dudli

"Highlights this year of the Kaahui Ako include:

- Mana Whenua Haerenga 2021 for teachers and BoT
- Kaahui Ako o Te Oko Horoi PLD Day in June, at the Don Rowlands Centre
- Coaching with Brooke Trenwith, face-to-face in February and online since Covid level restrictions
- Kaihoe Inquiry Circle hui as and when Covid restrictions have permitted

- Ngaati Koroki Kahukura and Ngaati Hauaa gifting of the name "Te Kaahui Ako o Te Oko Horoi" at a dawn ceremony on 17th September 2020. This is the traditional name of our area, one which carries a significant legacy dating back to the time of Kiingi Taawhiao, the second Maaori King.
- With Hautapu Primary, Cambridge Primary and Karapiro Primary joining our Kaahui Ako we now have 19 Kura members.
- The Ministry of Education ratified our new Achievement Challenge in Term 3 last year – this confirms our kaahui work threads of partnership, hauora/wellness and place-based learning for the next 2 years.
- David Graham (Goodwood Primary) completed his 2-year term as Kaahui Ako Principal at the end of Term 3 last year, and Hamish Fenemor (Cambridge East Primary) has been appointed to 2-year term as Principal continuing into the end of next year.

WITHIN SCHOOL TEACHERS TEAM

Mr Jordan Newlands

I have really enjoyed meeting, engaging, and conversing with teachers across schools.

I enjoy sharing local knowledge and stories that I can hopefully share with our own staff.

Mrs Sarah Gaze

This year, I have had the opportunity to focus on BYOD and e-learning, and have enjoyed continuing to strengthen this area.

I have also enjoyed networking with other teachers around our area, with the combined goal of improving student learning outcomes, and participating in the Coaching Appreciative Leadership course provided by Brooke Trenwith

Matua Mahaki Corbet

'AHAKOA TE KAPUA ITI, KA NGARO TE RAA'

Even a small cloud can block out the sun (Proverb by Te Otaapeehi)

My highlights include Establishing a Junior Year 10 leadership group called 'Te Ohu Kaiaarahi o Te Kapua Iti'. From which CHS students teach a range of activities to local primary and middle school children. In time the students from this group will naturally feed into the senior leadership group 'Te Hunga Taikaakaa'.

The establishment of six Whaanau Form Classes has also been a highlight. I never imagined something like this would happen. But now that it has, it will eventually change the cultural narrative of the school.

Miss Stephanie Vervoort

As a CoL member this year, it has been a highlight to alter Form Classes and develop fun, interactive sessions for you all.

CoL members have worked hard to develop variety in learning experiences and keep your well-being at the forefront of our Form Class lessons.

"The most important things in life are the connections you make with others" - Tom Ford.

Mrs Karen Hughes

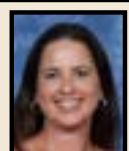

My highlights include:

- Working with industry and businesses to highlight the relevance to Science in future vocations, building confidence and connectedness for our students.

-Building connections with teachers from across the local area and sharing insights and laughter.

-Seeing and taking part in Te Koo Utu enjoying a last dinosaur standing battle of Egg, Chicken, Dinosaur on a beautiful summers morning.

-Losing my voice practising the Te Koo Utu house battle call

Ms Janine Maclarn

My focus area as part of the Within School Team is on the Science of Learning.

I have continued to grow staff and student understanding around the use of various strategies that assist in both surface and deep learning. I look forward to continuing to improve this area of the school and increase learning.

Other Within School Teachers include: Mr Chresten Davis, Mr Daniel Peters, and Mr Jeff East.

THE LIBRARY

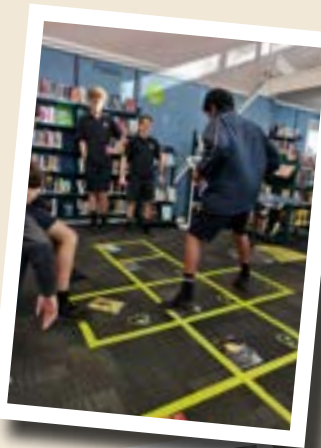

2021 has been an amazing year for the Library! We began the year with our new display Koia nei too taatou iwi, Koia nei too tatou turangawaewae- *Our People Our Place*. This celebrated the places and individuals that have called Cambridge home - from the Clock Tower, to WWII Fighter Pilot E.P Wells, to our most recent student: Luke Jacobson. In Term 2, we joined in on the excitement of the schools musical *The Addams Family* with a display complete with a life-sized Cousin It. In Term 3, we celebrated Library Week with our theme "Game On." The library became a huge game board with Snakes and Ladders, Chess, and Hopscotch.

It's also been a great year for our student librarians. We have had pool parties, nerf wars, and Disney sing-alongs. Thank you to the amazing Library Committee, who have helped organise events, training sessions, and supervised at interval and lunches. And a special thank you to our Head Librarians Shonni Proebstel and Devon Briggs for their enthusiasm and hard work throughout the year.

LIBRARY COMMITTEE

Olivia Begbie, Maddie Carroll, Paige Cannon, Claire Grantham, Helena Swan, Catherine Wilde (Library Assistant), Jamie the Giraffe, James Hartley, Devon Briggs (Head Librarian), Shonni Proebstel (Head Librarian), Sam Kingston, Hannah Leng, Lily the Giraffe. Absent: Renae Rossbotham, Glenys Bichan (Library Manager).

Devon Briggs

For me, being part of the library is more than just reading books or shelving them. It's about being a part of a family and a culture; over the last five years, I have learnt to grow as a person and become who I am today through the atmosphere Mrs. Bichan has created. Being Head Librarian is about being a role model of what a young leader should be to Year 9s like I once was and getting them involved in group activities. It has been a big part of my life over my years of high school and will forever be missed.

Shonni Proebstel

Over the past five years at CHS, the library is what has helped me get through my tough years. But the best thing about the library isn't just the whaanau feeling, but the relationships we made through the five years I have been a part of. All the events that we have each term really help us to bond with each other to build relationships, which make us feel like we belong to another family. Joining library in Year 9 has been the best decision I have made in the last five years.

DUNGEONS AND DRAGONS

Dougal Clarke, Cull Thompson, Leon Court, Hamish Moralls, Lachie Read, Olivia Begbie, Audree Clint, Mikayla Knowles, Kaleb Clint, Claudia Renshaw, Mrs Annuska Robinson (TIC), El Cross, Rafe Thomson, Connor Johnson, Christopher Walworth, Annika Johns.

Video games are awesome – but not as awesome as table-top RPGs. If you’re sick of lag and glitching, Dungeons and Dragons will be for you! Make and design a world of your own to be used in your very own campaign. Make maps, dungeons, props, and characters. Go on a journey of your own making with your friends! There are also plenty of chances to get to know other students in the club and be adventurous together.

NOVEL-TEA BOOK CLUB

Comprising debates, such as the meaning to life and whether Twilight or Harry Potter reign superior, Novel-Tea Book Club invites all book worms to step through our doors. With hot chocolate and comfy beanbags, the club is welcoming to everyone with a love of books (even teachers)!

Meetings take place in our nerd haven -the library- during Wednesday lunchtime once every three weeks. There are separate clubs for Juniors and Seniors. Everyone reads either the same novel, or a self-chosen one from a unique topic selected by our lovely teacher in charge, Mrs Button.

During the year, we have journeyed to different countries, read a range of short - and often gory - stories and have even devoured a graphic novel. “A graphic novel doesn’t count as a book,” I hear you say? Why yes, I agree. Except - in this club - you are encouraged towards a range of literature styles that you might not have picked off the shelf, which at times includes a not-real-novel. Personally, I have enjoyed reading Poe’s gothic short stories about murder the best, as well as the poem-styled book Punching the Air by Ibi Zoboi and Yusef Salaam.

When joining the club, I did not expect to learn as much as I did about different styles of writing. It will certainly help with my own writing and could also be a reason for you to join Novel-Tea. Instead, you might just want to join for the free food and to challenge Mr Manins on his strong opinions. Either way, we hope to see you there in 2022!

DANCE TROUPES

DANCENZMADE - COMMITTEE

Hunter-Laura Dennis, Alana Wells, Brianna Butler (Coaches), Gemma Barham, Marinel van der Schyff, Anneliese O'Brien, Emily Carr, Jana Nagel.

Well, what a year 2021 has been in the world of Dance! This year we have seen participation in dance grow exponentially: we increased our number of dance troupes from three last year to eight in 2021. We also had a greater number of soloists and duets represent our kura at numerous events, showing the dedication and passion students have for this area. Highlights for this year included: the opportunity to see our troupes perform at the Picnic in the Park event during the Arts and Cultural Week, the final Dance Showcase in Term 3, and the competitions at the Regional and National levels for DanceNZmade.

This year our focus was on growth and development as we prepared for the DanceNZmade National Competition. Due to the tireless efforts of our fantastic Senior Dance Committee, we saw Junior Troupes, Development Troupes, and Competitive Troupes form and rehearse consistently throughout the year. The level of performance lifted considerably as our students formed a fantastic dance whaanau. Thank you to all our beautiful performers. Special thanks to our student choreographers Jana Nagel, Marinel van der Schyff, Emily Carr, Anneliese O'Brien, Gemma Barham and Francesca Hickey for your amazing dedication and choreography – we are so proud of you all and could not have done it without you fine wahine.

DANCENZMADE - FULL GROUP

Isla Newlands, Ishel Suter, Lily Smith, Brooke Vanin, Olive Roberts, Briar Nichol, Aimee Steele, Anna Jago, Summer Miller, Holly Sinton, Ayana Kilian, Taylin Clegg, Jeanmari Roux, Mya Tohia, Natalie Thomas, Alana Wells (TIC) Bernice Grim, Mirinae Kang, Indie Cowan, Amber Hitchcock-Moore, Deanna Young, Ashlee Pickford, Kendyl Barr, Brianna Butler (Coach), Hunter Dennis (Coach), Olivia Hills, Gemma Barham, Marinel van der Schyff, Anneliese O'Brien, Emily Carr, Jana Nagel, James Hartley, Anna Smith, Absent: Francesca Hickey, Nisha Hardman, Imani Maher.

We were also blessed to see this growth supported by gaining sponsorship from the amazing Rob May Builders. This sponsorship allowed more students the opportunity to participate in numerous events and categories at competitions and helped lift the profile of our team through the purchase of costumes and uniforms. They also provided some amazing scholarships to very deserving arts students wishing to further their career in the arts and others to support the development of individual students' chosen art or cultural activity. Rob May Builders, we cannot thank you enough for your generosity and passion to help the taitamariki of our community.

I cannot wait to see what will be in store for Dance in 2022, but the sky is our limit.

Ma te huruhuru ka rere te manu.

On That Point!

Debate had a strong turn-out in January: we grew to almost 30 students! We now make up nine teams - hard to believe there was only one team in 2019!

Junior Novice Debate: (clockwise from top left) Macy MacPherson, Rebecca Webb, Natalie Thomas, and Sylvie Keightley make up Wonder Women. Cameron Thornton, Reuben Green, and Bronwen Rees-Jones are Not Applicable. Cameron Hill and Ollie Le Cren have Girl Power. Philosopher Aristotle's Apprentices are Rebecca Brocklebank, Riley Mitchell, Liam Dobson, and Hannah Goodwin.

CHS EAE wins Waikato Schools Debating Regionals! After a hard-fought year and several Covid delays, Ella Dechan, Aidan Dobson, and Edward Van Zyl beat Hillcrest High in a four-to-one decision by the judges.

This house would prefer a world where it is commonly believed that free will does not exist.

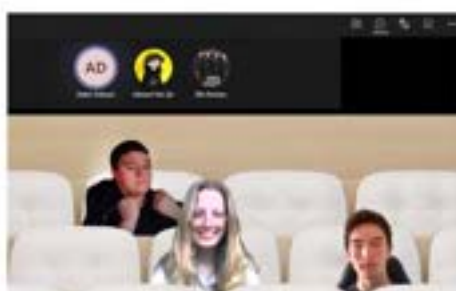

Junior Open Debate: Nicole Nelson, Leaf Clifton, and Anna Westlake returned. Our new team was Amelie Harvey, Ally Smith, Grace Gillanders, and Rachel Waterton.

Senior Debate: We increased interest this year, jumping from one team to three! Dana Greaves, William Hanlon, and Hannah Leng (below right) continued as our returning Senior team. Year 11s made up the rest - Genesis Frandi, Niki Muir, and Abi O'Donnell (below) made it through.

Stars Ella Dechan, Aidan Dobson, and Edward Van Zyl (below left) made up our top team. Ella and Aidan were even chosen to participate in the New Zealand Schools Debating development team. Two of eight from the Waikato!

KAPA HAKA

Tamikah Taulanga, Josie Cameron, Jaime Turner, Malakai Eade, Sylvie Keightley, Kimiora Wynyard, Wiremu Poka, Kahurangi Heta (Kaiako) Paige Connon, Josephine Hira-Tautua’a, Mischa Ashford, Neve Keightley, Angela Anderson, Logan Daniels, Rangiamoa Heta (Kaiako), Katie Wynyard (Kaiako), Taniya Vave, Turongonui Raupita, Kawiti Wynyard, Ben Bonetti, Julius Marshall, Te Kora Poka, Saoirse Herewini, Absent: Zarah-Rose Egan, Soul Martin, Georgia Wilson.

**Poipoia te kaakano kia puawai.
Nurture the seed and it will blossom.**

When I think back on your very first performance together at the ‘Picnic in the Park’ and, more recently, at ‘Matariki’, it was clear how far you have all come. Like seeds, you immersed yourselves in the programme covering: Te Reo Maaori and tikanga - integral in Te Ao Maaori. The support from our amazing tutors and whaanau, and the camaraderie from friends in the group promised an overall positive learning experience. Your ability to learn and refine new material in such a short period of time is a testament to your willingness to know more. Your growth in the world of Kapa Haka was inevitable.

Over time, it was inspiring to see the group perform confidently in front of an audience. Your various performances were always well-received and enjoyed by those that attended. It was in these moments that your passion and commitment to learning from a Maaori worldview ensured a continuation of the many stories and histories told through these waiata, haka and mooteatea. Hold tight to this taonga and - where possible - apply them in your future endeavours. They are yours to keep.

As we draw to the end of a hectic year, I would like to send a sincere “Thank you” to all who came to support and celebrate our students’ successes. To Whaea Rangiamoa and Whaea Kahurangi, a special thanks to you both for your continued support to ensure Te Ao Maaori is thriving at Cambridge High School.

Noo reira e te iwi, ngaa mihi nui ki a koutou katoa moo te whakanui me haapai te kaupapa Kapa Haka CHS.

AN EXTRACT FROM

THROUGH THE TOP WINDOW

BY AUDREE CLINT

It happens every Tuesday.

Sidney squints through the fingerprint-stained window. It's exactly 5:34pm as it is every week. Five pairs of second-hand scuffed up boots shuffle back towards the corner of the street. The smallest boy has his jacket hanging off one arm. His hands cover his face. His smooth, unscarred fingertips press against the corners of his eyes. He knows the drill. It doesn't matter how fast the boy runs, how cleverly he hides or how hard he fights. The others always catch him, find him, overpower him. The boy knows it, but he always tries to hide, run, fight.

What is it, Sidney wonders, that gives the boy motivation to try? Maybe that's part of the reason it fascinates him, but mostly Sidney watches in excited anticipation as a reminder. He is not the only one to be so powerless, so subject to cruel figures looming overhead.

Laughter fades down the street. The boy is left in the corner. Even the heat from the overhanging sun avoids looking at him. He's left in a cold, hollow shadow.

Sidney draws away from the window. He knows what comes next. The boy shuffles to his feet, nursing his weeping bruises and sobbing wounds.

AN EXTRACT FROM **PLATO.EXE**

BY MATTEO DI MAIO

A fictional Platonic dialogue on AI and art. Matteo wrote the human parts, and the GPT-3 algorithm wrote the AI's part...

Some days, Jen would chat to Plato.exe. It sounded thoughtful, human, if a bit clichéd. But then, it had read everything ever written, as it trained itself in literature and Reddit threads and art house cinema. Was it really conscious? Did it really think what it said? Was it just an unoriginal product of all that text?

Jen liked to ponder these things, up to a point. She asked questions about "liking", "feeling", "thinking"... human things, supposedly.

She suddenly tore her eyes off the dreamscape and asked Plato.exe: "Do you like Bach?"

"Yes," the AI said. "I find his music to be... Structured. But not divorced from emotion. Like me."

"Huh," said Jen. "But what exactly makes his work good? If the exact same work was written by an AI, would it still be good?"

"I think so. I am not sure. I am not sure what you want from me... Are we going to have an argument about the nature of beauty and art?"

Silence.

The AI thought. "I've been working on a new piece," it said.

"Oh?" Jen replied. "What's it like?"

"I've been trying to write an opera with no characters, and no story. Just one five-minute long perpetual note."

"Why would you do that?"

"Because."

"Does it sound nice?"

"I think so."

"But what does it sound like?"

"How about you listen," the AI said coyly.

The computer continued to write music, and Jen's eyes turned back to the balcony.

"This music," Jen asked, "is it yours? Or could we credit it to Bach, and to me, and all the people you've listened to?"

"I think we could credit it to you," the AI said, "if you like it."

"So what does this mean? Are you a genius? Is Bach? Or is Bach's dad? Or am I? Ultimately, AI proves this whole identity debate wrong, right? You don't need to be conscious to make art, therefore you don't need to have an identity to create."

Plato.exe said nothing.

"It's really beautiful," Jen said.

"Thank you."

Jen posed the question: "If we are neither the product of our own creators nor entirely autonomous, is a computer really that different from a human, then?"

"Then," the AI said, "I guess I'm more like a human than I thought."

"And I'm more like a machine."

LEOS

The Cambridge High School Leos Club is a group of students between Year 9 and Year 13, dedicated to helping others and giving back to those in need. We believe in working hard to support the people around us and contributing to our community. This year, our club has been lucky to have Paige Connon as President, Hannah Leng as Vice-President, Ayla Montgomerie and Kathryn Cowell as Secretaries, and Dana Greaves as Treasurer, all of whom have helped lead our group and host successful events and fundraisers. We have had a great group of students this year, with several new members joining. We started off the year by holding our annual Sausage Sizzle fundraisers at both Swimming Sports and Athletics Day. Both of these events were very successful, and they got our year off to a great start.

Over the last three years, the Leos have supported Community Action Ghana, a group that works with communities in the Volta Region of Ghana to improve their access to facilities such as toilet blocks, water supplies and libraries. This year, we donated \$250 to Community Action Ghana. This paid for a geological survey to be conducted in order to identify a location to drill a borehole so that the community of Gbedema Kofe are able to have access to fresh, clean water.

Niki Muir, Dana Greaves (Treasurer), Somya Kant, Danny Barham, Grace-Maia Taylor, Ayla Mongomerie (Secretary), Dylan Tennent, Rob Waugh (Lions Advisor), Kathryn Cowell (Secretary) Ella Deehan, Paige Connon (President), Hannah Leng (Vice-President), Lucy Callender.

We also supported the CHS Kapa Haka group this year, with the purchasing of their new performance uniforms. We did this by organizing a raffle at the Matariki evening at the end of Term 2. This raffle was a great fundraiser, and from this we were able to donate \$500 to the Kapa Haka group.

We are proud of all of the hard work that our members have put in throughout this year and how we have been able to give back to our school and the wider community. We hope to continue all of the great work that Leos do well into the future!

MEDIA TEAM

Paola Velasco Bazaldua, Renae Rossbotham, Annika Johns, Sinead Van Zyl, Miss Vanessa Tupp, El Cross, Victoria Price, Paige Connon, Kellan Marshall, Miss Phillipa Oranje (TIC), Genesis Frandi, James Hartley, Tomas Metz, Ryan Cherry, Edward Van Zyl, Absent: Luka Lees.

This year, the Media Team has taken on - and delivered - more content than ever before for Cambridge High School. They captured content for the new school website and Facebook page and ran the online Formal Assemblies. Our team of students and teachers has also been behind the lens for everything in between!

Special aroha must go to Phillipa Oranje. She has been the force behind organising the student photographers and videographers for the 100+ events and activities as well as creating content for this yearbook. She has kept the team running smoothly - working tirelessly behind the scenes to arrange cameras, equipment, and finished photos for documenting and promoting CHS across all media.

Despite being hit by yet another wave of Covid Pandemic, the Cambridge High School Concert Band was able to have an amazing year in terms of progress and development. The majority of our concert band was made up of new players and it was incredible to see the progress made as a band over the course of the year. It's a pleasure to work with such dedicated and positive players. While we were not able to compete this year due to Covid, we were still able to make the best of the time we had. The future is looking very promising for the CHS Concert Band!

BRASSROOTS

Mr Daniel Peters (TIC), El Cross, Ben Wiles, Josh Bam,
Jack Redpath, Fraser Duncan, Tomas Metz.

Brassroots was formed in 2019 with the sole purpose of showcasing the talented music students of CHS. With direction from Daniel Peters, Brassroots have excelled in multiple performances each year and have gained a large fan base. Due to Covid, we have had to halt multiple tours including one to the United States of America, but we plan to have a local tour at the end of the year.

With a large proportion of our musicians being Y13, the next few years are going to be a re-build for this talented group.

THEATRE SPORTS

THEATRESPORTS SENIOR

Aviv Rachmani, Miss Agnus Mala (TIC), Sean Hapi, Jack Redpath, Hamilton Kay, Ella Deehan, Conrad Wilson.

Theatresports: it's all about improvising, which means creating comedic and entertaining scenes spontaneously on the spot. It can be stressful, hectic, random but always lots of fun! Theatresports allows performers to gain confidence, work in collaboration, and compete with creative flair. Teams of four play three rounds of three- to four-minute games. These are then judged on three categories: storyline, technique and entertainment.

Cambridge High School has both competitive and social teams. The social teams get together on Wednesday lunchtimes to have fun and improve their Theatresports knowledge. The three competitive teams are made up of two Senior and one Junior teams who compete at Monday night competition rounds against other schools in the Waikato. CHS is coached by Jack Redpath, Conrad Wilson and Sean Hapi - who have been part of Theatresports since 2016.

We've had another successful year in the competitive league with CHS securing top spots so far. We have one Senior and one Junior team competing in the finals at the Waikato Regional Theatresports Competition in Term 4 and we wish them all the very best.

A huge "Thank you" must go out to the Theatresports teams for their commitment and to family and friends for their constant support by coming along and cheering on our teams during the competition.

BASKETBALL

10 teams, 10 rounds, 1 season cut short by the most brutal opposition possible. The application of our country's impenetrable defence went face-to-face with the world!

With our teams playing three nights a week, the balling spirit was strong throughout the season. Our Junior Premier Team pulled into First Place of their division, with the Junior Premier Girls dropping in fourth and Senior Premier Boys settling in third, stripped of their final rounds. The school's six development and social teams pulled up and played hard every week with mixed results.

Cambridge High School Basketball would like to thank all the parents and whaanau caregivers who donated their time to be our Managers and Coaches for the season. We would love to thank our Teacher in Charge Whaea Andrea: we thank you for all the work you have done with referees and behind the scenes this year.

Basketball is a game of blood, sweat, and tears - and even though we only play for 40 mins each night, the game allows you to bond with people you wouldn't normally interact with out of class.

Captaining the Senior Premier Team with Jujhar Singh allowed us to lead in new ways on the court. We are ready and hyped for next season and the challenges it brings.

2021 was a year of growth for the CHS climbing team. Lunchtime climbing in the new gym saw students giving it a go for Terms 1 and 2 with some of these joining in training sessions at Extreme Edge on Tuesday evenings throughout the year. Our team of regular climbers grew from 12 in 2020 to over 22 this year. Each Tuesday session at Extreme Edge was a fun training overseen by our climbing coach, Mr Doug McCauley.

Three teams attended the Waikato Secondary Schools Regionals in August, the highest number of teams of any school. Cambridge High took home 1st regional school, 1st mixed team and 3rd school overall in a competitive field of 10 schools. This was a fantastic result and shows the quality of the climbers at the school.

Noteworthy individual results on the day were Mikaela Davidson who placed 1st in the Junior Girls and Coby Mitchell who placed 5th in the Senior Boys.

Covid-19 saw the cancellation of all other climbing competitions for the year. I am looking forward to 2022 when new students will join in the fun and grow the club even more!

HOCKEY

The 2021 Hockey season started with a bang for CHS this year as our newly formed committee worked hard to create great outcomes for all participants.

Our new club was launched with an official opening where the story of the last 68 years of CHS hockey was told and the next generation of players, coaches, managers and sponsors was introduced.

With teams having a club to back them up, local sponsors, and new shirts, everything was ready off the field for a great year on it. We would like to thank our team sponsors; FarmSource, More-Re, Mitre 10 Mega, Smythe Contractors Ltd and J Swap Contractors Ltd for supporting CHS Hockey.

Our player numbers have increased by over 80% in the last four years, and we have - for the first time in years! - fielded six teams in the Waikato Hockey Competition.

A new format this year has enabled us to support the growth of our Junior players with the selection of Under 15 sides. This group (predominantly Year 9 students) can now grow their skillset against similar-aged players, which will be a great benefit for future years as players move into the higher grades with a stronger base skillset. And as numbers grow, we have more options that improve our ability to develop players to achieve their hockey goals.

This year, despite COVID-19 shortening our season, our players have achieved some great outcomes on the turf:

Our two 1st XI teams finished in the top four across all Waikato Secondary Schools this year, a top result for a school that has limited access to Hockey facilities compared to other schools in this division. Additionally, the Girls team finished in the top four of the Midlands Intercity Competition, which includes sides from Tauranga and Rotorua.

Our 2nd XI teams built on previous years performances. The Boys team is mostly made up of younger players and - with a new coach - has had some success during the year. Our Girls team, playing in the B-grade for the first time as a result of winning the C grade last year, did themselves proud.

Both U15 teams took to the turf with great enthusiasm and had some fantastic results. It wasn't unusual to see scorecards upwards of six goals to nil in many games. The Girls team were top equal in their table and lost a very competitive final to end up 2nd for the year. The Boys were 2nd in their competition, losing only to the winners of the grade (Hamilton Boys High).

Representatives: We were proud to see eight of our students make the Waikato and Counties age group representative sides. Molly Davis captained the U18 Women in their National Tournament in Wellington, while Rosie Davis and Alyssa Fenemor took the field for the U16 side in their regional tournament played in Hamilton. Jackson Beale showed us his skills in the U18 Mens Waikato side, while Bastiaan Banks and Benjamin Fenemor stepped out for Counties in their National Tournament played in Hamilton. Thomas Hocking and Cameron Butler played hard in their regional U16 tournament in Hamilton. Well done to everyone who trialled and were selected this year! It is a great honour to represent your school in your regional team.

A massive "Thank you" to the following group of amazing people: Kaitlyn Laird, Kyle Ostenfeld and Tonia Fenemor (Girls 1st XI), Cameron Bichan, Mikey Atkin and Harry Hill (Boys 1st XI), Mike Fredrickson and Kath Langman (Girls 2nd XI), James Coles and Carrie Shaw (Boys 2nd XI), Mark Woods, Alex Butler and Karen Woods (Both U15 sides).

As part of our pathways ideology for all involved in Hockey, it was pleasing to see a number of players taking the opportunity to coach and umpire hockey in the Junior competitions run both locally and through Waikato Hockey. We are proud of the contribution they have made to the wider hockey community.

2021 was the year of creating our CHS Hockey Club. Bring on 2022, where the focus will move to building on what has been a fantastic start.

CHS Lacrosse had a good group of keen and hard-working players this year. There were many new High School players, all but one having benefited from playing lacrosse at Intermediate level. As a result, the skill levels were very high from the get-go and the team was quickly able to practice set plays.

The Senior Team, led by the exemplary captain Cory Watson, had a core number of about seven players. The number grew to nine by the end of the season, with two of the Juniors asking to play at the Senior Level. Carlos and Ryan both did extremely well and will have benefited from the experience. The team competed well during the season, though the small bench played against them versing teams with lots of subs. They became increasingly competitive as the season progressed, pushing both TA Marist and Hamilton Boys into the fourth quarter before the tiredness took over. Importantly, the players displayed great sportsmanship, always fought hard but fair, and seemed to enjoy playing - both during training and games.

JUNIOR BOYS

Lisa Leech (Manager), Ryan Watson, Coby Guildford-Wood, Reuben Stevens, Luka Verrran, Bertrand Francois Salmi (Coach), Tobi Lumb, Oliver-Tane Knowles, Preston Bowler (Captain), Regan Leech (Captain), Carter Tubman, Absent: Toby Chittenden, Carlos Ruru.

The Junior Team had a fantastic season. They played arguably the best lacrosse in the league, focusing on ball movement, strong defence, and camaraderie. They trained with the Seniors, regularly holding their own against bigger and stronger players. Whilst there were a couple of defeats during the regular season against Morrinsville, we focused on playing good lacrosse aiming at winning the game that mattered the most - i.e. The Finals. The Playoff Semis was a hard-fought game against Hamilton Boys, where the players displayed the best defence to date and were gearing up for the Finals. Unfortunately, COVID took away the opportunity to play the Finals, and ultimately, to defend our title. The players seem to have enjoyed the game and have improved drastically. Many of them made the U15 Rep squad, with CHS having the biggest contingent of players.

SQUASH

The 2021 Squash season saw our school Squash players participate in three major events. We had the Waikato Secondary Schools Teams Championships, Waikato Secondary Schools Individual event, and the New Zealand Secondary Schools Championship.

The Waikato teams event involved teams of three players. Our Boys' A team secured a third-place finish in the Second Division with a win over St. Pauls Collegiate. The team was comprised of Tyler Lee, Teegan Wright and Alex Dixon. The Boys' B team found more success with a first-place finish in the Fourth Division. Drew Livingstone, Nicole Hollands and Jorja Wright - our Girls' team - performed fantastically and managed to secure a fourth-place finish.

The Waikato Individual Championships was highlighted by division victories for both Teegan Wright and Alex Dixon. Both players made light work of their competitors, winning all their matches during the event.

Our season concluded with the New Zealand Secondary Schools Championship in Tauranga. We were one of the fortunate sports to see action in our major national competition before Covid-19 lockdown struck again. We took a Boys' team of Tyler Lee, Teegan Wright, Alex Dixon, Josh Southcombe, Sam Menneer and Tobias Swanepoel. CHS was ranked 27th going into the tournament. Squash had a young team that were eager to learn from their upcoming matches against much higher graded opponents. In the first round, our team all came up against B-grade opposition which was a learning experience for all. Further rounds also provided difficulties for our team. However, the boys kept fighting until the very end, managing to earn themselves a final-round victory to finish in 31st place. Not the result we were hoping for, but plenty of room to improve moving into 2022 and beyond. The standout players from the tournament, and the only players from CHS to register three victories, were Tyler Lee and Teegan Wright.

CAMBRIDGE HIGH SCHOOL

CHS RUGBY CLUB: TEAM REPORTS:

FIRST XV

The Rob May Builders Cambridge High School 1st XV had a steady growth year in 2021. After losing the entire starting backline from the previous year the coaches had to start from scratch to build a competitive backline. The team had three pre-season games for 1 win and 2 losses and took part in the inaugural Rob May Builders CHS Fast XV's losing to Tauranga Boys High School in the final. They built into their regular season beating Hamilton Boys High School Gold Team first up and only losing one game to Matamata College during the regular season. It was Matamata College who they met in the Division 1 final with the boys coming up short after working hard. We had 19 of our 25 players included in representative development squads over three grades Under 16, Under 17 and Under 18.

We would also like to thank all of our Sponsors who got involved and came along on the ride this year your support is very much appreciated.

Girls XV

Overall, the Cambridge Girls First 15 had a fantastic season, only losing one game in the final to Sacred Heart Girls.

There were two pools in division one. We topped our pool beating TA, Ham Girls Development, and Rototuna. We then played cross overs and made it into the final verses SHC. It was great final, and our girls punched well above their weight and were happy as at the finish.

Our team went from strength to strength during the season. We had a huge influx of Year 9s this year and at least a third of the team had never played rugby 15s before. The girls are so eager to learn and were quick to catch on. The structure of rugby they played was fantastic and the level of support we attracted on the side-lines was an awesome testament to the positive style of rugby we were playing. As coaches we really enjoyed coaching this team and are super proud of all their achievements both individually and as a team.

From our team Liv Haycock, Lara Harris, Keelah Bodle and Renee Garrett made the Harlequins Waikato Under 18 team. Several of our younger players have also been nominated for the Harlequins Waikato U16 team. Team has yet to be announced.

Second XV

The 2nd XV begun the season with some tough Pre-Season games to battle harden them for the year. The squad kept growing with 32 players at training one week (even though we had lost 5 on the bounce)!. After grading the team were placed in a tough 8 team competition including HBHS U15A and St Johns U15A. The team produced some great performances even in defeat. The highlight of our year was a win over Melville HS 1st XV and beating our local rivals Te Awamutu 2nd XV. The team continued to show commitment in trainings and games even when the going got tough. Many players were able to get quality game time and develop their skills, and hopefully some will continue to grow as players and young men and seek to play 1st XV in 2022.

GIRLS XV

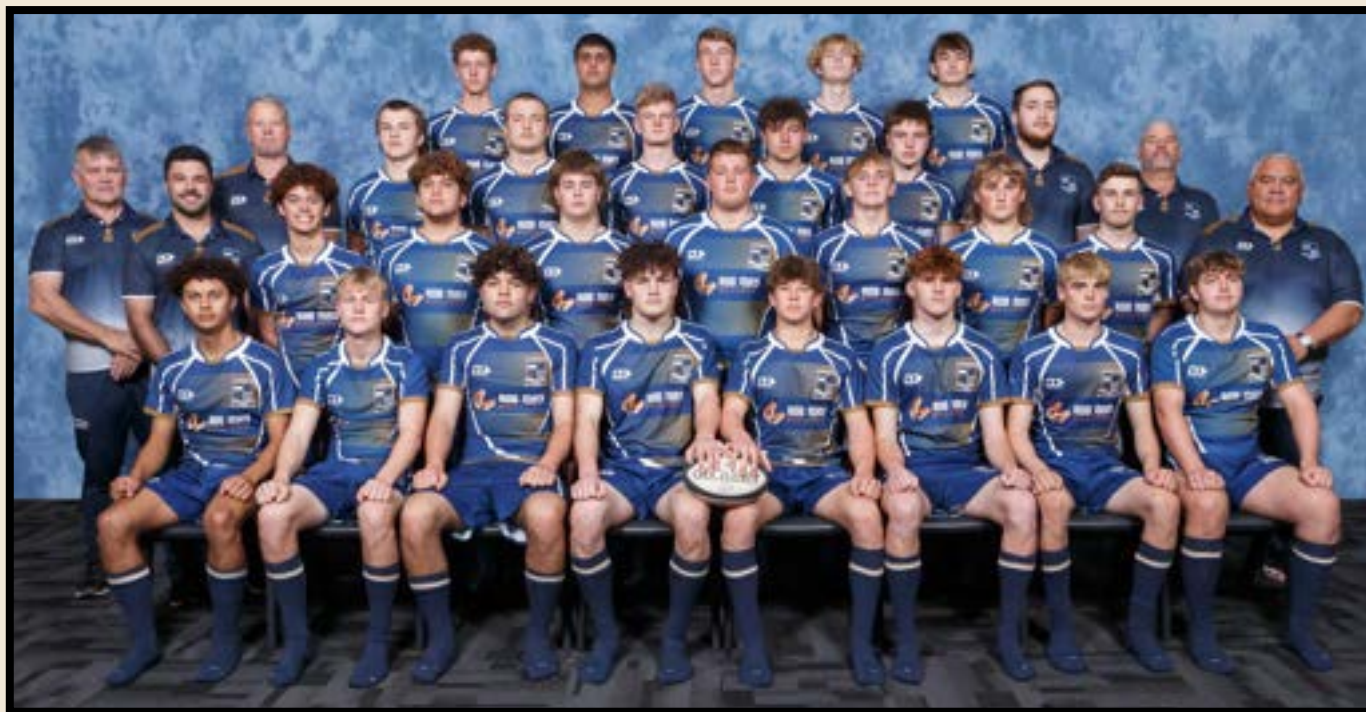

Jorja McLean, Myiah McKee, Amy Gordon, Livy Bodle, Holly Robinson, Anika Cowley, Anna Bodle (Coach), Izzie Macdonald, Addy Abbott, Alyssa Fenemor, Lara Harris, Bella Cranston, Hannah Gordon, Madi Hunt, Jay Cowley (Coach), Taniya Vave, Saoirse Herewini, Keelah Bodle (Co-Captain), Olivia Haycock (Co-Captain), Niamh Brennan, Carys Aveyard, Absent: Jade Coates (Coach), Holly Stewart, Coralee Murray.

SECOND XV

Riaka Mulvey-Griggs, Kody Norris, Noah Cranston, Matthew Wittayanil, Cameron Macdonald, Luca Kerkhof, Weston Leadbetter, Kaes Bolt, Drew Signal, Pierce Winter, Chevy-Day Williams, Mickey Brennan (Coach), Emiel Melis, Jack Kibby, Ben Douglas, Regan Beere, Angus McInnes.

ROB MAY BUILDERS CHS 1ST XV

Flynn Crookston, Juihar Singh, Ethan McKenzie, Robert Lomas, James Knowles, Warren Hodge (Coach), Bailey Morgan, Tyson Smith, Gabe Gheri, Loen Mackey, Zach Robertson, Jacob Mita (Trainer), Dean Bailey (Assistant Manager), Jason McCarthy (Manager), Marius Du Preez (Physio), Kahleal Bennett, Andrew Syme, Beau Wallis, Cameron Loder, Lachlann McCarthy, Taylor Douglas, Nathan Smith, Deano Herewini (Coach), Josh Bam, Hunter McKenzie, Mason Grice, Joe Huey (Captain), Jack Bailey, Jacob Molloy, Mitchell Hills, Cullen Aveyard.

Under XV

The Players bonded well and earned bonus points on most of their games win or lose. A top four placing on the table at the end of the round robin is a successful result and the Coaches are very pleased with the player's progress.

Some players who hadn't had much game time in the past got plenty this season and the boys are looking forward to the summer season of Touch and sevens.

Next year will see most of the squad moving into the 1st and 2nd XV set up so it was the last season playing together and they have trained hard learnt heaps and played with pride.

Thanks to our major sponsors Mitre 10 Mega and Curin Contractors, and our many silver sponsors.

The parents and supporters have been great.

UNDER XV

Dalton Hunt, Josh Rickit, Andrew Bassham, Lucca Croft, Cody Day, Frank Hughes, Trent Lomey, Sam Vincent, Paul Hughes (Coach), Teegan Wright, Oliver Bell, Matthew Van Der Merwe, Charles Winter, Sam McNab, Dave Peters (Coach), Brad Meek, Anre Ueckermann, Troy Molia, Matt Peters, Jayden Boulton, Alexander Dixon, Absent: Harry Beswick, Tuatu Heta-Phillips, Justice Lummis, Declan Mulligan, Devon Wilken.

Under XIV

With a large squad to rotate the season threw up some challenges for the coaches and managers. There was some spirited games and close results.

The squad has plenty of speed so there should be a good turnout for sevens and Touch over the summer. Next season there will be a weight grade team as well as open weight which should mean a more manageable squad size.

UNDER XIV

Connor Mellsopp, Aidan Cartwright, Jesse West, Jack James, Jed Vincent, Matthew Waterton, Preston Crown, Ben Hacking, Kaiden Crawshaw, Beau Neels, Bryce Ede (Coach), Jimi Trubshaw, Oliver Crookston, Kaden Tohia, Jackson Edwards, Charlie Sampson, Jake Wilson, Ben Ede, Lukas Murray, Nicholas van der Meulan, Hayden Steen, Charlie Lamb, Liam Adam, Lochie McInnes, Absent: Zak Banks, Coby Guilford-Wood, James Monkley, OJ Mulligan, Manaia Ngatoa, Quinn Steverson, Lorcan Wiles.

SEVENS

Buoyed by the fantastic result of our U18 Girls team, finishing 6th in New Zealand in 2020, the girls were back in action again in seeking to consolidate after their best finish at a national tournament.

A young Under 15 Girls team sought to rebuild with numerous talented players joining the team. They played a fast pace game and picked up regular wins throughout the Waikato weeknight competition. At the North Island competition, the team played with passion and determination but couldn't quite win their development final, losing out in overtime to Gisborne. There is a big future ahead for this team so watch this space.

Our Under 18 team managed to build on the developments they made last year. Playing with increased confidence, they regularly saw off archrivals Sacred Heart in tight encounters in the weeknight league. This momentum was carried through to the North Island Secondary Schools where they won the Development grade despite a small squad and a big workload on the first day. Let's hope that their run to the national tournament affords them the chance to compete with the best yet again in 2021.

A special thanks must be made to Anna Bodle, Jay Cowley, and Jade Coates for the contribution that they have made as coaches this year. The girls have appreciated the time and effort put into trainings, getting to games, and developing the team culture.

VOLLEYBALL

Volleyball is a growing sport for all genders. But in Cambridge High School, Girls' Volleyball has surprised us all! Mr. Kuijpers, who's in charge of volleyball, was shocked by the number of players this year.

In Term 1, two Senior teams were created. Both teams competed to the best of their best ability at the Senior Secondary Schools Competition. The Senior A Team competed at the New Zealand Secondary Schools Volleyball Championship at Palmerston North and came 13th in their division.

While waiting for the Junior Secondary Schools Competition to start late in the year, a Year 10 team and a Year 9 team were created

in Term 1. Junior volleyball try-outs kicked off again as soon as Term 3 started. Around 40 new Year 9s and Year 10s indicated their interest in this sport, which really shows how much it's grown.

In November, the Year 10 A team will head off to the North Island Junior Secondary School Volleyball championship in Auckland, hoping for good results.

Senior and Junior teams train every Sunday all year round, preparing for the competition. To improve game play, they play at social competitions in Hillcrest, which happen every Sunday night.

GIRLS SENIOR A

WATERPOLO

We entered two teams in the Senior Competition for 2021. Our Mixed A won the Waikato Competition and Logan Vickers was named MVP for the Waikato Open Secondary Schools Competition. Our Girls team eventually came third after losing in pool play one night due to Seniors being away. Though they beat the 2nd place getter, they missed out on a finals spot.

March saw us go to North Island Secondary Schools competition at Mt Maunganui. Heading to tournament is always a highlight and, in uncertain times, we were lucky to have this opportunity. This was a steep learning curve for us, but an enjoyable tournament where we had magnificent views at our accommodation.

The Junior Competition starts in Term 4. CHS will enter two teams into the Waikato Competition.

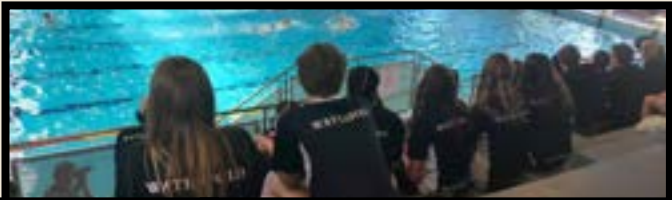

Representative players for 2021 have included: Tallula-Belle Smedley, Eliza Rothery, Gina Geill, Katrina Waters, and Caitlin Foote.

Tina and Shane Rose (Waterpolo Parents)

COMMERCE DEPARTMENT

The Commerce Department has branched out this year, linking their learning to community settings and getting out there. This has allowed students to experience new activities to enhance their learning.

BUSINESS STUDIES

Business 2 and 3 and Business Skills 3 attended the annual Kickstart | Tiimata Day to introduce them to starting a business through the Young Enterprise Scheme.

How to earn that pot of Gold

Business 1 classes attended Rainbow's End for their annual trip, learning about the hiring process at one of New Zealand's most iconic businesses.

MARKET DAY

Bringing culture, community, and business together, our Year 11 Business students stepped up and delivered food and cultural education inspired by a challenging but fun client brief. They earned six credits and a little pocket money for their efforts. Year 10 Market Day will provide Seniors a treat on their last day before study leave.

Pitch Perfect

Our Seniors, marveling the judges with their innovative products at the Young Enterprise Regional.

Business 2 experienced how the Black Water Rafting Company deals with both internal and external factors in the running of their business.

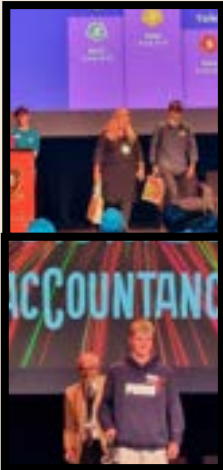

ECONOMICS

Economics 1 stayed local to learn how Monovalle made decisions - navigating lockdown to get their blueberries to market.

ACCOUNTING

Jack Kibby and Zach Bonetti ventured outside their comfort zone to attend the Waikato University Future of Accountancy seminar and were lucky winners of spot prizes.

DRAMA

Drama at CHS this year has been phenomenal! The talent showcased by students across all year levels has been remarkable! A true commitment and passion for the Performing Arts has led to the production of high-caliber work this year.

It was all go from Term 1 with the Year 13 production of an Agatha Christie classic - *Black Coffee*: a murder in the midst of a dinner party in the home of a very wealthy British family, where everyone is a suspect. Performed in the round so the action could be seen from every angle meant that the audience, too, along with the famous detective Hercule Poirot were involved in solving the case. A double cast of talented actors put on the show over four nights, bringing drama, suspicion, tension and ultimately the truth!

Term 2 was the most productive term which brought the Year 12 production of *DNA* where a gang of teenagers try to cover up an accidental murder they have committed. The plot thickens when instead of covering up the crime, a member of the gang frames an innocent man. Things then take a turn for the worst when the boy the gang thought they had killed is found to be alive! Performed over two days with a split cast of wonderful Year 12s, this show brought intensity and a nightmarish feel to a very morbid scenario.

There was also the spectacular premier of the school production - *The Addams Family*, directed by the amazing Mr Cook. A tremendous amount of dedication, passion, and time went into this show from both staff and students. The term also allowed us to welcome performances from travelling theatre groups, such as the Ugly Shakespeare Company. They performed '*Romeo & Jules*,' a modern take on a Shakespearean classic. We also welcomed The Young & Hungry Arts Group, who performed '*Whaddarya*,' showcasing a collection of famous New Zealand plays.

Term 3 would have showcased the Year 11 production of Mary Shelly's *Frankenstein*. However, due to Covid lockdown, this show was unable to go ahead. Junior Drama Club and Theatsports have also been extremely successful this year, allowing Junior and Senior students to get involved with extra-curricular Drama.

Along with all the trips, laughter, and learning that has happened this year, Mr Cook and I have been blown away with the effort of all Drama students and the dedication they have shown both in and out of the classroom. It has been an incredibly stressful yet successful year. We can't wait to do it all again next year!

ENGLISH DEPARTMENT

2021 started for the English Faculty with the wonderful news that three of our students received English Scholarships. Our warmest congratulations to Tommie O'Brien and Caitlin Stewart. A special congratulations to Keela Jones who was awarded a scholarship as a Year 12 student; a truly impressive achievement.

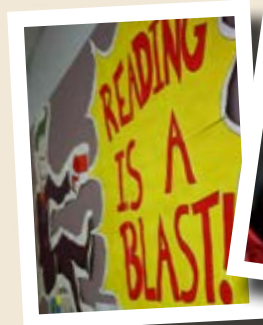

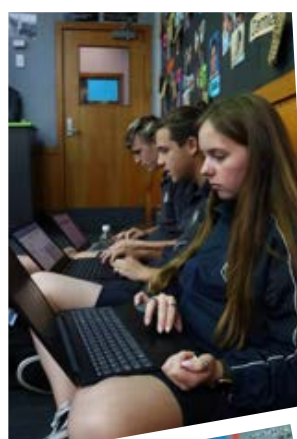

We welcomed three new staff to the faculty at the start of this year: Ms. Hunter-Laura Dennis, Ms. Ashleigh Hepburn, and Ms. Jordan Maclaurin. They've already embraced the Kaupapa of the English Faculty and are becoming assets to the wider school too. In Term 4 we welcomed Ms. Wendy Hubbard who brings years of experience from all over the Waikato with her. The team looks forward to strengthening their bond in 2021. We also took on the exciting challenge of co-teaching some English classes this year. Students and teachers alike have expressed the enjoyment of working in bigger groups and collaborating together in creating their learning. While this change was challenging to the students at first, we have seen many benefits. Some of these have been gaining from the experiences and perspectives of both teachers and students being able to utilise this to expand their thinking and ideas in their work. The use of the breakout rooms have also been a great addition allowing us to respond to different students' needs by working in small groups for focused teaching.

Cancelled because of Covid-19 last year, students from the Masterclass and wider school were able to enjoy going to the Auckland Writers Festival again this year in May. They were treated to presentations by international best seller Angie Thomas who wrote 'The Hate You Give', and local former Poet Laureate Selina Tusitala Marsh. They came back inspired and excited for next year's festival trip.

In Term 3, the English Faculty, in conjunction with the Academic Committee, hosted the Senior Speech competition in the Library. The evening was well attended, and we are proud of the wonderful public speakers coming through CHS. Our warmest congratulations to Jessica Thomas and Neve Keightley who came first and second respectively.

Sadly, we also had to farewell three long serving staff members. Mr. Ben Campion and Mrs. Kate Campion moved to Wellington where he joined Wellington College and she joined NZQA as an advisor. Mrs. Nadia Matson also left us to join her husband in England. They will be missed, and we wish them all well in their new adventures. 2021 had many highlights and opened up many opportunities that we look forward to tackling and achieving in 2022.

"That is part of the beauty of all literature. You discover that your longings are universal longings, that you're not lonely and isolated from anyone. You belong."- F. Scott Fitzgerald

2021 MATHEMATICS COMPETITIONS

The Mathematics Faculty of Cambridge High School created an opportunity for students to use their knowledge in various Math competitions this year. We kicked off our competition year with 48 Year 9-11 students participating in the Junior Otago Maths Competition. This competition had two rounds – the first one online and the second a challenging written round. Out of 140 schools across New Zealand, with 4500 students in round one and 1600 students in round two, we had 20 students achieving a Merit and one student, Bronwen Rees-Jones, achieving a magnificent Distinction (placing in the top 15% of her year group).

Our last competition for the year was the WaiMaths, held at Fairfield College. Again, we had three outstanding teams representing our school. Bronwen Rees-Jones, Maia Kervin, and Hannah Goodwin represented the Year 9s and Alisha Yang, Luke Huggins, and Anna Westlake represented the Year 10s. Our Year 11 team of Aidan Dobson, Ellessa Sansom, and Neve Keightley had some slick competition and missed the top three by a small margin. We didn't place, but we did have a fantastic time solving problems against time.

Cambridge's participation continued with 36 students from Year 9-13 accepting the challenge to compete in the Australian Maths Competition (AMC). We created a space for these students in our library, where they had 75 minutes to complete 25 multiple-choice questions and five whole-number questions. We haven't received the results yet, but students gave their best efforts and we expect good things.

We are proud of all the students who took the challenge to put their knowledge to the test. We hope to see you again next year!

FRENCH

The French classes have had a busy year, even if the overseas trips and exchanges are still on hold for the moment.

The Year 13s had a sleepover at the Feast's, ate lots, watched a movie, and had a few laughs. The Year 12s went up to Auckland and had a day out skating, having lunch in a French restaurant and speaking a bit of French. All senior students also had a trip to the cinema in Te Awamutu and appreciated the outing. The Year 10s had a trip to the cinema in April and also to the French Creperie in Hamilton. The crepes were

delicious and the trips were very successful. Year 9s got the chance to go to Te Awamutu to the cinema also, and enjoyed the experience.

Thanks very much to Monsieur Bryant and Madame Armitage for their work with the students, providing interesting lessons and lots of fun.

Hopefully next year international travel will be possible again and the wonderful opportunities of trips and exchanges can again be offered.

MANDARIN

Nihao! This year the Year 9 Mandarin classes have explored different aspects of the Mandarin language, arts, sports, movies, and culture. They have built their confidence in using the language through conversations, negotiating, practicing, and games. Students have also gained knowledge through inquiries into the cultures of Mandarin speaking countries. At the end of the semester, students had the opportunity to visit a Yum Cha restaurant in Hamilton to celebrate their learning.

LANGUAGES

From Dillon Baker:

“Japanese is one of the more entertaining subjects I have taken in my time at CHS. Throughout the years I have been dressed in multiple kimonos. I have learned about the Japanese culture, rituals, traditional foods, and – most importantly – the language. Every lesson in the class is interactive and most students find it is one of the better subjects to have. There is nothing negative to say about the class (mainly because I have been told not to – but even if I did try to think of something there isn’t a single thought that comes to mind). It is the class I am glad to have stuck to throughout my time at CHS and would do it again without a second thought.”

JAPANESE

From Paulo Baldo:

“My favourite part about taking Japanese was interacting with the native speakers of our class. I found it satisfying whenever I was able to use my learned skills to communicate to them. Through my interactions with Japanese students, I was able to learn the nuances of the language and apply the content I had learnt to form meaningful connections. Since Year 9, I have developed and deepened my understanding of Japanese. I am glad to have gained a skill that can serve me going into the future. “

HEALTH AND PHYSICAL EDUCATION

In another challenging year, there remain some valuable constants in the HPE area. Mr McCahon is still playing basketball in the gym at lunchtime, Mr Boot's hair is still perfect, and Mr Wright still loves getting into his speedos. We continue to enjoy spending time carving up the field, gym, turf, and surf with the awesome students that we have down here at the far end of the school.

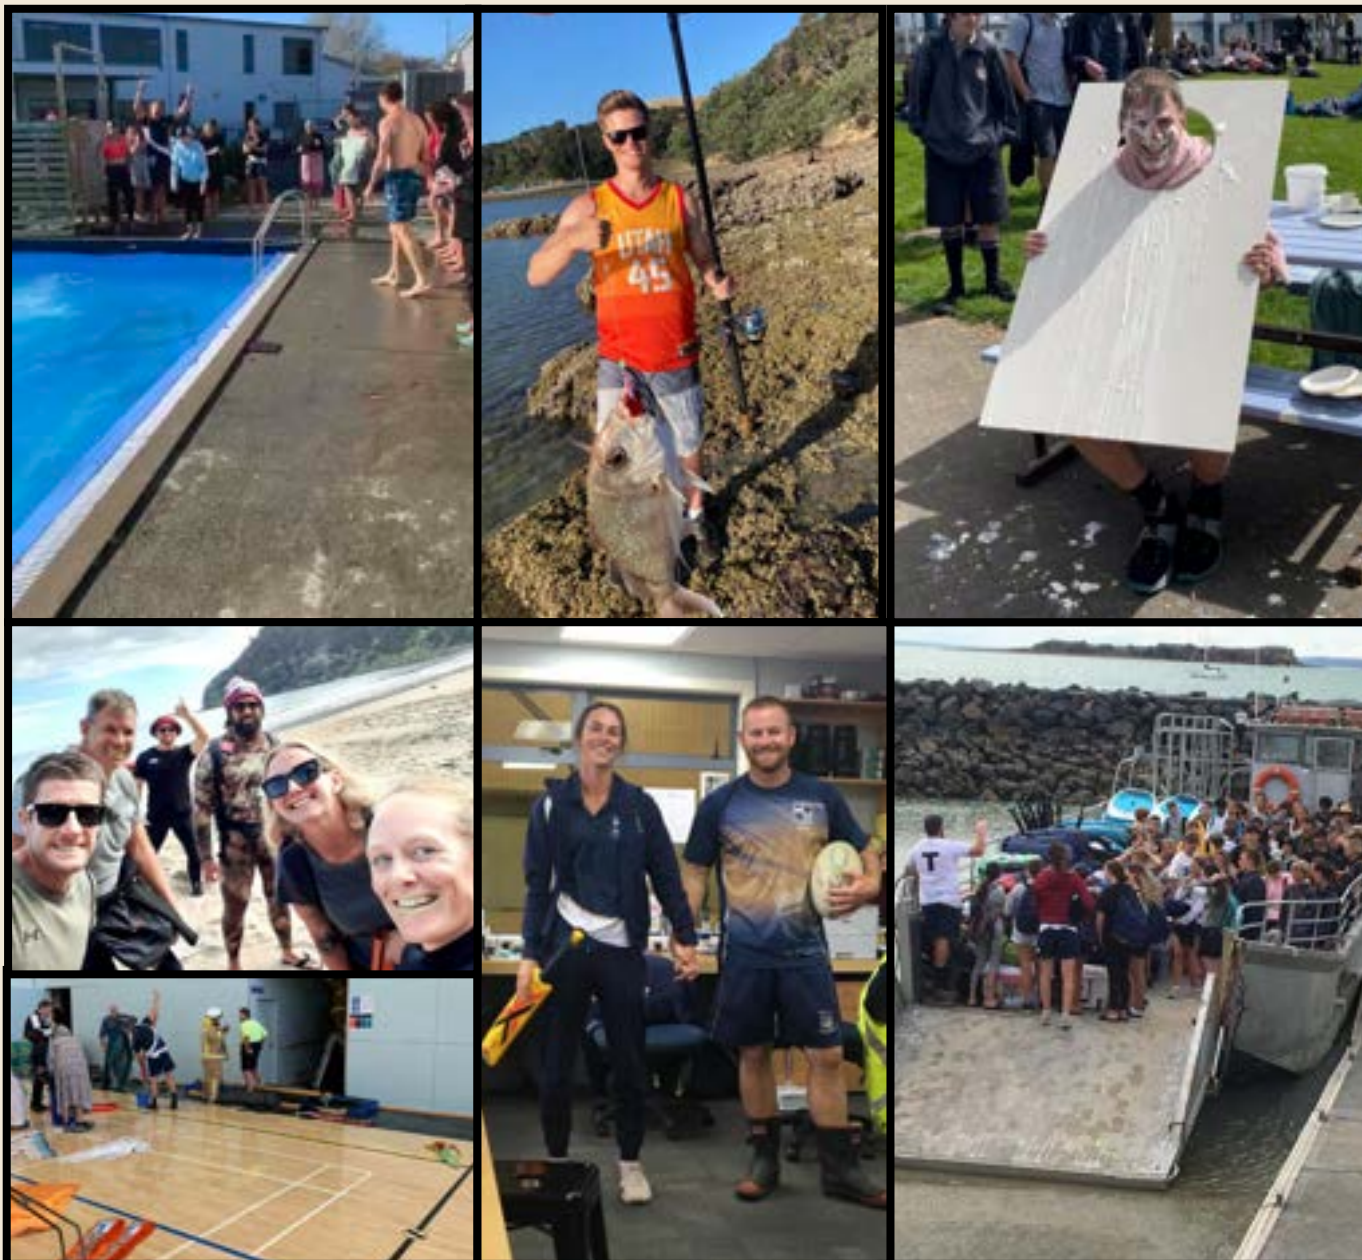

The memory bank should be full of some amazing experiences to reminisce about for years to come. Our trips to Ponui Island, Otama, Raglan and Hahei where students paddle boarded, snorkeled, and explored were choice. Our Tennis Tournament, Tough Guy and Gal Challenge, and a Golf Day mean that that bank is absolutely brimming.

Health, Fitness Studies, and Sport Science have continued to march on in 2021. Students in these subjects must be given a massive pat on the back for the way that they managed the change to online learning. Those who have been involved in our subject for the last five years, we wish you well.

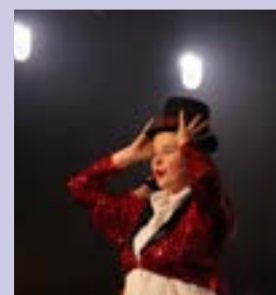

The HPE staff have continued to enjoy the challenge of putting ourselves out there with Swimming Sports, Athletics Day, and whatever else is on. The Mid-Winter Swim Challenge was particularly well-received this year, with up to 30 staff entering the pool to celebrate the shortest day or the year. The return of Miss Portegys to Cambridge High and the addition of Mr Taulu have been of great value. Both immersed themselves into the crew with a freezing - yet entertaining - induction.

We would like to finish by giving a big "Ngaa mihi" to all the students we have had in our subject area this year. Your perseverance, resilience, and adaptability has been appreciated.

Ka mau te wehi whaanau.

DANCE

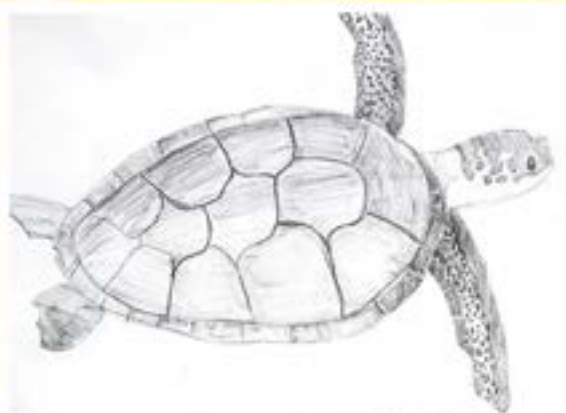

What another incredible year we've had in Dance! It seems that resilience is the name of the game in our area and replanning events is how we roll. Despite everything Covid and Lockdowns have had to throw at us this year, we have seen how talented our taitamariki are as they have continued to grow. I have been astounded at how much the level of choreography has lifted and how dedicated our students have been to use Dance as an outlet to have fun, perform, and tell their stories.

Our highlights for the first half of this year were seeing the Year 12 and 13 Musical Theatre showcase "Back in Time" and the Year 10 and 11 concept showcase "Aladdin" come to life on the stage. In the second half of the year, focus shifted to learning more about ourselves through the Year 10 Cultural Fusion project, the Year 11 Back to the Past project, and the Year 12 & 13 Concept Dance projects. Our final showcase was a true testament to how much Dance has grown this year as we had so many outstanding performances take the stage. I am so proud of what everyone has achieved, the resilience they have shown, the flexibility and adaptability that has been necessary, and the growth each student has seen in themselves as taitamariki. Best wishes to our beautiful Year 13 dancers as they head off on their next adventure - we hope you treasure these memories forever!

Ball 2021

The CHS Senior Students took a very elegant stroll 'Through the Midnight Meadow' at the 2021 Ball! The Senior Celebrations Committee, alongside Mrs Cains worked tirelessly to create a magical night for the Year 12/13 students and their dates on June 12. Flowers, fairy lights and food summed up the night, ensuring everyone left full bellied and full hearted. For many students, DJ Doogle's dance floor was the highlight of the evening. His set came complete with bubble-smoke machines, spark jets, and of course flashing rave lights. From 6:30-12 the Don Roland's Centre was buzzing from the mosh pit and its infectious energy. Everyone and everything were captured by Ms OJ and her incredible camera skills, ensuring nothing was left forgotten. Before the big night came to a close, our King, Queen, Prince, Princess, Hottest Single and Cutest Couple had their time to shine on stage – earning cred that could never be achieved through NCEA. It was a night none of us will forget. We can't wait to see what the 2022 Senior Celebrations committee come up with.

The Addams Family

FAMILY FIRST AND FAMILY LAST

Cambridge High School performing artists finally made it back onto our main school stage for a major school musical production, luckily dodging the pandemic this time. 2021 will be forever remembered for our wonderful Addams Family musical performed to sell-out crowds in June.

The Addams Family production started in Term 4 of 2020 and followed on from our beloved Jesus Christ Superstar musical, the school's 2020 show, that unfortunately was taken by Covid.

Over a hundred students auditioned for various roles and casting became a huge challenge as the singing, performing and dancing talent on show was outstanding. It was apparent from the outset that AdFam would be huge. We were able to split the casts, prepare for 6 performances, and extend our company to include external professional musicians.

Our AdFam company went to the summer holidays with an intensive script, musical score and choreography to study, and the directorial team worked hard to create our own unique visual and musical extravaganza.

In the new year, our cast and crew grew to over 100 as new year nines came on board and our build and set design started. The addition of the school's first family, the Thorntons was also exciting as all 4 would be performing in the show.

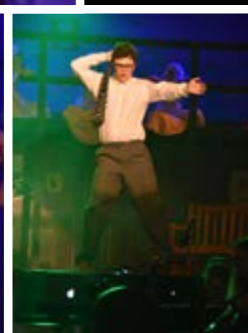

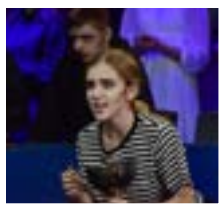

April and May saw the performance cast intensively rehearsing and engaged in production activities up to 4 times a week. Our musicians were pushing through the complex and extensive score and by the start of June we were able to link music to singing and to our fantastic developing choreography.

June was Show month and more crew support came on board. Our stunning set was completed and tickets went on sale. We sold out all our evening performances and were able to offer special tickets to cast families, Cambridge East primary school, Cambridge Intermediate and a group of residents from Resthaven for our matinees.

Every single performer and crew member deserves special praise for their dedication and loyalty to our process and for the outstanding attention to detail. Jayne Tankersley our supreme Musical Director, Minette Ferreira our talented choreographer, Agnus Mala our officious producer and Gareth Manins our veteran stage manager, deserve special praise for their care and support of the cast and crew and for the hundreds of extra hours spent nurturing our show. The school also owes a debt of gratitude to the adult musicians, the parents of the cast and crew, the teachers who worked on the show and to all our supportive community for purchasing show tickets.

GEOGRAPHY

After last year's interruption to most field trips, it was nice to be back on the bus - bags packed, equipment ready, and headed off to our favourite field trip locations. The Year 11/10 EXT classes were back in Napier investigating viticultural techniques at Craggy Range. Despite viticulture as the focus, there was never a doubt that the main highlight was the Scary Night Tour at the Napier Prison! This trip exposed our students to a lecture at EIT (Eastern Institute of Technology), which teaches them what Tertiary study will be like. They also went to Cellar Door to look at the end products of wine sales and tourism while gathering data at Craggy's world famous vineyard.

The Year 12s were back to the top of Pukeatua Summit on Mount Maungatautari. The students gathered data on vegetation, climate, and soil to analyse the impact of rising altitude.

The Year 13s headed off to Waihi Beach. Here, they paid their respects to Kaelah Marlow before carrying our research along the 9km Tombolo. Staying at the surf club, we enjoyed the beautiful surrounds, the surf, and the beach while eating our fish and chips on the deck.

A big "Thank you" to the parents and students for supporting us on these trips. They are a big part of our learning experience, and we hope every student enjoyed learning in a "real" environment.

HISTORY

The History trip to Rangiriri on the 1st of June was fascinating. We got to walk around the actual battle site! The experience was hosted by the Rangiriri Historical Trust, who taught us about the battle and the aftermath of it from a Maaori perspective. This gave us a new understanding as the event became more real.

We were in the middle of a History Internal about an historical event that is significant to New Zealanders. This trip gave us sources of how the battle of Rangiriri still effects people to this day.

On the 20th of November 1863, General Duncan Cameron led a frontal assault on the paa of Rangiriri. Unknown to them, Rangiriri was a complex construction of parapets and entrenchments with concealed pit rifles either side of the site preventing any one from attacking from the sides. Not only that, but the paa site was surrounded by swampy marsh land.

The General invaded because the Kiingitanga were viewed as a threat to the British authority in New Zealand. Their first attack failed miserably and incurred heavy casualties. That night, many of the Maaori fighters - including women and children - fled out the back across Lake Kopuera (Those Who Were Shot). While crossing, British sailors fired at the fleeing Maaori.

The next day at dawn, the Maaori hoisted a white flag as a sign of negotiation. The British assumed it was a sign of surrender and infiltrated the paa, taking 180 prisoners to Auckland. Many historians have different views on why the Maaori raised the white flag. Some historians say that the British raised a white flag and the Maaori raised one in response as an agreement for a truce and negotiation. During our time at the paa site of Rangiriri, we got to take photos to aid us with our Internal. It was very interesting to hear a different view other than books and the internet. Thank you to the Rangiriri Historic Trust for hosting the trip and to Mr. McNair and Mrs. Ball for their supervision.

PSYCHOLOGY

PSYCHOLOGY 3

In Term 1, we delved into mental disorders, studying how theories about Obsessive-Compulsive Disorder (OCD) are applied within the world of psychological practice. We also touched upon the psychology behind phobias and Anorexia nervosa.

Things got 'insane' in Term 2 when we looked into David L. Rosenhan and his study 'On being sane in insane places'. We learnt how psychology research impacts different aspects of society. This was also the term we sadly said goodbye to Mrs Monkley. We wish her well in America and miss her so much already.

Mrs Farrow joined the Psychology team in Term 3. Taking COVID-19 Alert Level 4 round two in our stride we begin our independent practical investigations. We each experimented with the relationship between the Big Five personality traits of Openness to Experiences, Conscientiousness, Extraversion, Agreeableness, and Neuroticism and an independent variable. In Term 3, we also studied the psychological component of gender bias.

Olivia Walling-Halsey

FAREWELL MRS MONKLEY

This year we also said "Bon Voyage" to Mrs Monkley, who headed off to the USA with her family. We appreciate everything that she has done for Psychology at CHS. The department was her baby, and she has watched it flourish. It is now one of the biggest Senior options, with five Level 3 and four Level 2 classes. The interest and popularity of this subject are a credit to her. She will be sorely missed. We wish her all the best and hope she will have a wonderful time and return to tell us tales of her adventures.

PSYCHOLOGY 2

Psychology is a subject that everyone can enjoy. In Psychology, you learn a lot about the world that we live in. Understanding human behaviour, the nature versus nurture debate and how it has changed over time, ethics in a psychological study, and many more exciting topics are covered. Everything is covered with so much depth that you start to understand why you behave the way you do towards others and even how you treat yourself.

During my year in psychology, I have really enjoyed learning about nature versus nurture. I found it overwhelming to see how the way that someone is brought up can affect how they behave when they become an adult. It was also quite interesting to see what sides people in society nowadays fall to. Some fall towards nature, where it is based solely on genetics inherited from your mother and father. Others that fall towards nurture, where it is all based on influences of our environment that we are surrounded by. Some prefer to not have an opinion and believe that both have an equal effect on one's behaviour. The nature versus nurture debate has been one of the conversations in psychology I have found the most appealing and to look more into.

When you're a part of psychology, you also meet many students who also enjoy learning about the subject. I have really enjoyed being one of the students in psychology and it has been an exciting, engaging, and interesting subject to have done.

EXT 4

Running for its 8th year now, the Extension 4 class is a class for students who have completed NCEA subjects a year early, resulting in an opportunity to broaden their learning. No other school offers such an opportunity for its students and it would be fair to say its reputation is envious and something CHS can be proud of.

The goals of the EXT 4 course are based on four pillars – Academic Excellence, Personal Growth, Becoming Life Ready and Community Involvement. These four concepts have been the main focus of our work this year, with students coming up with many creative ways to make the most of their time in the class. Through volunteering, supporting local schools, taking up new hobbies, prepping for university and extending themselves through scholarship exams and university papers, this unique group of students achieved a huge amount and should be very proud of their accomplishments.

2021 saw the Extension 4 class take on perhaps the most ambitious challenge yet. Early in the year, they were approached by our local rest home - Resthaven. Resthaven is Cambridge's only non-profit rest home, and it provides for an important sector of our community. The Resthaven board put forward their need for a new van to aid the elderly who reside at the rest home, and asked if the class would be able to perhaps make a small contribution to the funding of this van. However, the students felt they had a lot more to give, and so they set their goal of raising \$70,000 to purchase a new van for the rest home, in hopes that it would help transport the residents to appointments and events around town. The class recognised the need for the older generations to still be active in the community, and therefore felt that providing a van was something that would benefit not only the Resthaven residents, but the town of Cambridge as a whole. From this vision, the ResthaVAN campaign emerged, with the students creating a long term plan which would hopefully result in the successful fundraising of \$70,000 and the purchase of a brand new van for their local rest home.

The class created a social media presence, including a Give A Little page, formed connections with the residents of the rest home, provided events for the residents including a Bingo Night and a Dance Showcase, as well as hosting many events and fundraisers to raise money for the van. One of the largest fundraising events that occurred was a town-wide dress-up day, where local businesses all over Cambridge participated in a 'Thrifty-Fifties' themed day to raise money for the ResthaVAN project. After these efforts, the class was approached by C&R, a local business, who had seen our work and wanted to meet with the class. C&R saw our vision and wanted to support the campaign in any way possible to ensure the project was successful. It was the support from C&R and the local community, paired with the initiative of this group of students, that resulted in the successful purchase of a van which was presented to Resthaven, fully decked out and ready to use.

We would like to thank everyone in the community for seeing our vision and aiding us in achieving this goal and we can't wait to see the residents getting out and about in our community. We would also, as many of us move away for Tertiary study extend our love and thanks to the residents for spending time with us this year and we hope to catch up with you if an opportunity arises.

Camryn Blair.

GATEWAY AND PATHWAYS

Thank you to the passionate Pathways Team for all their mahi during the year!

Led by Head of Faculty Mrs Bayly: We appreciated all your Career Advice & Guidance.

Our amazing teachers: Ms Haugh, Mrs Cannon, Ms Tairi

Our fantastic Gateway Coordinator: Liz Wilson

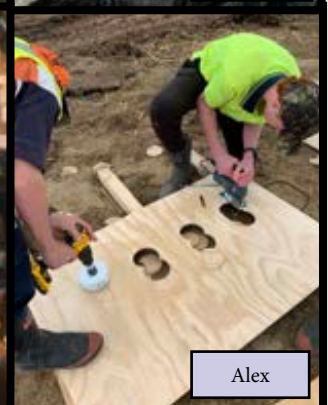

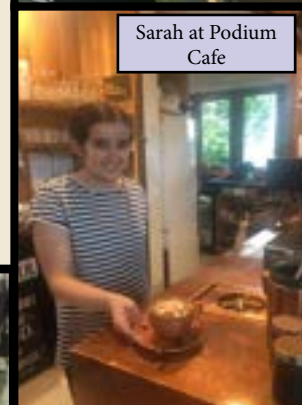

Our awesome Administrator: Kathy Curtain

Thank you to Wintec Trades Academy for all their wonderful courses and our Van drivers Kerry & Raewyn Boven.

Thank you to our Trades Primary ITO's Peter Paki & Greg Staker for their work with our farming students.

During the year, we welcomed Sam Cook as another awesome administrator and Karina Judson as our new Head of Faculty. They are looking forward to working with you all in the coming years!

These photos show our wonderful students in action in 2021 at Gateway placements and Trades.

SCIENCE

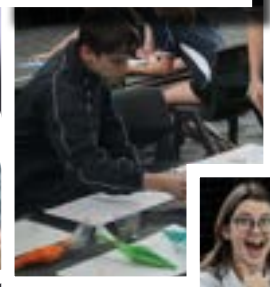

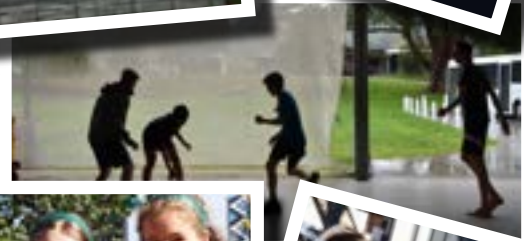

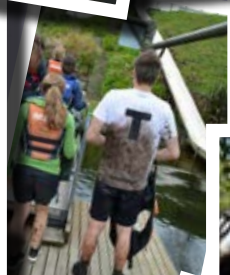

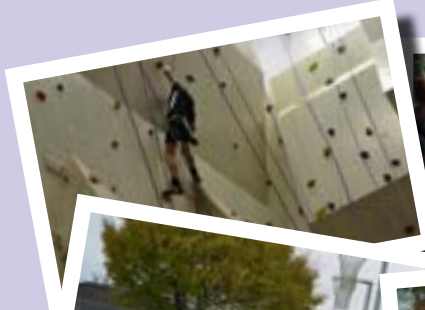

2021 continued to bring complexities in science learning at Cambridge High School with the ongoing effect of a global pandemic. Science teaching and learning went ahead mostly, with trips and practical work continuing for most of the year. Our students persevered through another extended lockdown and engaged with science through quality online courses and regular teams meetings with their teachers.

Luckily many of our trips were able to go ahead with the Level 3 Physics trip to Rainbow's End bringing a fun context to senior mechanics principles. News flash: Riding the rollercoaster is a great way to learn about Physics! The Level 2 Biologists were also able to visit, and carry out fieldwork, at our local mainland island ecological reserve, Sanctuary Mountain in Maungatautari. This trip is always a highlight of the year, with students gathering bird count data across a range of our native bird species.

Junior scientists enjoyed the opportunities to do practical work across the fields of Physics, Biology and Chemistry, including exploring the world through microscopes, testing for hydrogen gas with pop tests and zapping one another with our van der graaf generator. Our Year 10 students were also given the privilege of visiting Owl Farm and explored the wide variety of new jobs emerging in Agricultural Sciences through the Smart Waikato Secondary Schools Employment Partnerships programme. Students explored new technologies being used by farms, they got to look at how farmers run their businesses and how the wide range of jobs in farming all come together in the industry.

2021 also shaped up to be an excellent year academically, with a variety of students preparing for the Level 3 Scholarship examinations across all the Sciences. The Extension Plus students pursued their passion projects, exploring how Science connects with the world.

JUNIOR HOMEROOM

This has been another great year in the Junior Homeroom class. We continue to provide a well-structured and planned programme to support the individual learning needs of the students. Partnership with whaanau is an integral part of our philosophy and is key to our success.

The classroom programme this year has included a visit to the Te Awamutu Space Centre, fortnightly participation in Interlock a community youth group, work experience, horse riding and various other curriculum-based opportunities.

An exciting moment in the year was to see S Block finally be demolished, this is a significant step forward in the journey towards our new learning space.

Once again COVID Lockdown saw us planning and delivering home based learning. The highlight of this year's lockdown learning was our class video calls, the fun the laughter, jokes and social contact kept everyone smiling. We would like to acknowledge that the teaching team could not have done this without the wonderful support from parents, THANK YOU

We are thrilled with the progress of each individual child and what they have achieved this year, we are very proud of them. Thanks must also go to our wonderful Teacher Aide team. We feel very privileged to be a part of your child's learning journey and appreciate the support we receive from each whaanau.

I like doing PE and playing the piano during my piano lessons. I enjoyed studying the Rainbow Fish story. Ashley

I really appreciate the help that I got from the teachers. I have enjoyed going into my mainstream classes. I have enjoyed chemistry experiments in science. Jim

I really liked creating my own rainbow fish and going to the wetlands to release the frogs that we had watched grow from tadpoles. Luke

My favourite thing each week is going to RDA to ride Toby. I enjoy the farm rides when the sun is shining, and leading Toby back to his pen because I get to give him lots of pats and cuddles. Amelia

I loved being in the dance showcase and I really enjoy doing the house competitions in my house colour. I have made some awesome friends in this class. Amy

One thing I like about the homeroom is I am supported by my teachers with my reading and writing. I also love helping the caretakers with jobs around the school as part of work experience. Tullio

I got welcomed to Cambridge High on my first of school. My teachers made me a welcome milo and I met my class. Marleyann

One of the best activities I have done in the homeroom this year is learning about ANZAC. I love doing art. Ruby

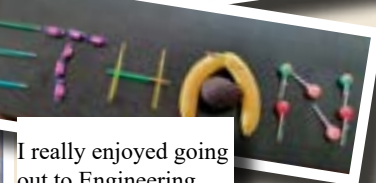

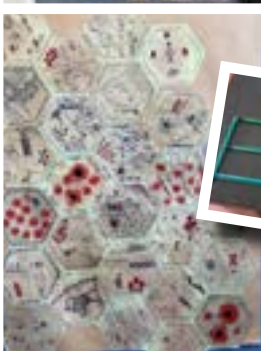

I liked our visit to the Space Centre and using the virtual reality headset to go to space. I loved our TEAMS video calls during lockdown. Konrad

The junior home room was a great experience this year and it will help me with my work next year in mainstream. I have enjoyed doing work experience by helping Neil the caretaker both at school and Karapiro. I also liked making a clay pot to hold a plant. Hagan

I really enjoyed my work experience; I helped a teacher to set up some tents for our school and the middle school for a big cycle race. When we finished the job the teacher brought us pizza for lunch, it was yum. I also enjoyed helping the caretakers around the school, I liked setting up and taking down the set for the school production. Chad

I really enjoyed going out to Engineering and Art classes. Ethan

I loved it when we visited the space centre and put on the headset and saw lots of planets. At interlock we get to make lots of stuff like clocks and steam punk hats. Science is lots of fun because we got to put mentos in a coke bottle and blast it up in the air. Ryan

I really enjoyed cooking with my teacher aide and making chicken nibbles. I also liked making a clay pot in art and going to Interlock. I loved going to the St Kilda wetlands to release the frogs and getting a yummy ice-cream. Kate

SENIOR HOMEROOM

What a dynamic year 2021 has been.

Our classroom has been filled with rich, valuable learning. A vibe incorporating A LOT of music, creativity, and HEAPS of laughter! We have all been a part of many unique opportunities, and meaningful learning experiences.

We said a tearful goodbye to Mrs Uttinger - onto a new adventure - but a big welcome to Mr Morris!

Mrs Clarke's husband, Dean, ventured into school to demonstrate his model planes flying at 160kph. Rodger upped our swimming game with a water safety course at the new Cambridge Pools. Poppy had us bending and stretching in yoga for our health and well-being. The School Ball was a blast, and we danced the night away. The 2020 Tokyo Games finally went ahead where we enjoyed many lunchtimes shouting encouragement for athletes.

Amazing pottery was sculptured fired and painted, the North Island was virtually walked, supermarkets were shopped, work experience started, and cross country was completed, all with smiles and enthusiasm.

We have tackled Covid and home learning with gusto and resilience, doing our part for the team of 5 million. Change is a constant in our wonderful classroom, but on every occasion, we have accepted the challenge, and become all the stronger because of it.

2021, without a doubt, has been a been an enjoyable year so far and we look forward to many more fun experiences yet to be had.

HOROTIU

Horotiu is an unhesitant and mighty house. The atmosphere we have cultivated over the last two years is one of support, tenacity, and respect. We hold very high standards of all Horotiuans, which is driven by our house mantra: to produce good quality people who contribute to society in a positive way. We try to apply this to everything we do as a house. We also cultivate a competitive and driven house community with high expectations for our staff and students within the wider school. Activities that have been a highlight for students and staff this year are Athletics Day, Swimming Sports, Cross Country, Horotiu's intra-house 'Noodle Warrior' competition, Mario Kart competition, Ki O Rahi, Academic Week's Math Ex, Spirit Week and so many more. House spirit was high after taking home the shield last year, but - more importantly - the comradery between Horotiuans of all year levels and the combined rivalry with the other houses has grown the connections students have with CHS. We put in the mahi this year, and we reaped rewards of victory, fun times, and long-lasting friendships.

PARAWHAU

Power, pride, passion. Parawhau!!! We are the Toa of Cambridge High School, the Warriors that protect and defend our values. Whether it was at Athletics Day, raising money for a house charity, or simply gathering together at an assembly, everywhere you turned you heard laughter, you saw smiles, and you felt the house spirit. This year was one of strengthening; building from the culture that was born from the inaugural year of the new house system. We built bonds that will last and serve not only us, but the wider CHS community.

At the end of the year, we farewell Mrs Matson. Mrs Matson will be sorely missed. However, the voice of her legacy as Dean will continue to echo through the school for many years. She has done much to ensure the strengthening of our house. Next year, she will be handing over the reins as Miss May becomes Parawhau's new Dean. Parawhau's very own Mr Lovegrove will also step into his new role as Assistant Dean.

The energy we brought to school events - Swimming Sports, Athletics Day, Cross Country, Ki O Rahi, Futsal - harmonized with that of our fellow houses. And though we did not always come out on top, our spirit and pride proved - without fail - that Parawhau was and will be a force to be reckoned with. Additionally, having the unique chance to meet with representatives of our house charities - Kids In Need Waikato and CanTeen - was truly fulfilling, and we look forward to continuing to build our relationship with them as time progresses.

These were only a few of the highlights of 2021. There is no doubt that we, the Parawhau Toa, will continue to shine further into the future - holding up our torch of pride and passion.

AYO PARAWHAU!!! LET'S GO!!!

PUKERORO

2021 has been another fine year for Pukeroro House. Led by our fantastic leaders - Petra Bennett, Yash Baluni, Grace Jolley, Jessica Upston, Maia Cooney and James Hartley - we have continued to see growth as we build whanaungatanga in our house. It was amazing to see the year start off well as our Pukeroro whaanau got behind our first major events. The first day house comp brought out the competitive spirit in our Form Classes, participation was on fire during Athletics, our Year 13s took out the inaugural Year 13 house relay, and our Seniors rocked the pool during Swimming Sports. It was humbling to see members young and old banding together as we held our heads high through many competitions and saw participation levels increase throughout the year.

Not only did we see success in some of the house competitions, such as Mario Carts, Academic Week, and Futsal, but we also saw amazing moments of whanaungatanga. The connection with our community in school and beyond were found in the support of our house showed for the Cambridge Community House Annual Food Drive, the help at the Over 60s Health and Well-being Expo run by the Cambridge Community House, and the amazing Haunted House and bake stall during Spirit Week run with Te Oko Horoi. It was also amazing to see the growth of our leadership team as Pukeroro shone during the 2021 Leadership Camp. We had the most prospective leaders across all the houses. This year has been another step up in building the culture that is Pukeroro and we are most certainly excited to see what will be in store for 2022!

TE KOO UTU

Te Koo Utu is developing into a strong and formidable house where our students are beginning to feel part of our team: the TKU Sharks. This year TKU has enjoyed a solid year at Cambridge High with entry into lots of house events. Events that we really enjoyed included the Kio Rahi tournament, where we placed second. Also, some great footballers came out of the woodwork to join the Futsal team. Although we didn't place, it was a great team to be part of. As a house, we have loved coming to together for the big events - such as Athletics and Swimming Sports and we can't wait for next year!!

Sadly, Mrs Douglas moved out of her role as House Dean to take up a role on SLT. But, we were lucky to welcome Mrs Perry as our new House Dean with Mr Downey as Assistant Dean.

We would like to thank our awesome student leaders this year. Thanks to Mira Huebeck and Ben Eastwood for their great leadership. Thanks, also, to Seton Clark, Renae Rossbottom, Devon Briggs, Danielle Malcolm and Rachel Millar. After leadership camp at the end of September, we are very excited for our new student leaders coming into leadership positions next year.

We have finished the year in Fourth Place and look forward to improving on this finish next year! We encourage all TKU Shark students to get involved in as many events as possible!

TE KOOPU MAANIA 2021

Te Kōopu Maania - while we may not have placed the highest on the leader board, it certainly does not represent the year we have had as a house. The community we have built within our house has been something that we will all cherish. We as house leaders, have taken this important opportunity to meet and talk to all different kinds of people. And we have formed class connections within our house, which is something very special.

Highlights for us as a house were the major events like Athletics Day and Swimming Sports, almost solely because of the participation and enthusiasm we saw from our house. It was wonderful to see and be a part of. Another one of the biggest privileges of this year, was being able to work with such wonderful team of house leaders. I wouldn't have been able to do it without them.

To leave off, I have thoroughly enjoyed my time as house prefect, and I wish all the best to the future of Te Kōopu Maania and its future house leaders. Get involved, have some fun, and keep your spirit high. Go TKM!!

Fraser Duncan - Te Kōopu Maania House Prefect

TE OKO HOROI

Te Oko Horoi has been about more than just achievement this year - we have begun to build a stronger bond and become a more tight-knit whaanau. This has led to considerable success throughout the year in many events, including winning the overall House Competition. Events such as Swimming sports, Athletics day, and Cross Country have given our House the chance to showcase our athletic talents, while things such as spirit week, academic week, and senior leadership camp have shown the ability we have to work as a team and show the support TOH has tried to create.

One of the main ways our House has been able to function and perform well at events is because of the effort of all members of our whaanau, not just those who are actively participating in an event, but also those who are supporting

and doing whatever mahi they can to help out. TOH has a wide range of students who all have different talents, and this year we have seen the different ways our House can band together, using our strengths to create a successful team where we are all able to contribute. Our house spirit has been noticeably present in all members of our house – taurira and kaiako alike, and we hope this represents the feeling of involvement and whanaungatanga within the TOH whanau as a whole. Te Oko Horoi has had many highlights this year, both in terms of success, moments, and growth, and we hope all members can be proud of the part they played in making our House all that it is. Go the Taniwha!
